REPUBLICANS WIN IN SAUGERTIES

John D Fratsher, Republican, was re-elected supervisor for the town of Saugerties by over 750 majority All the Republican town ticket, excepting collector and town superintendent of poor being elected. John Sauer, Democrat, was elected collector, and Peter H. Kraus, Democrat, overseer of the poor.

Curtis Re-Elected.

District Attorney Harry McK. Curtis, Republican, against whom charges of malfeasance in office were filed with Governor Smith, who successfully came through a trial before Commissioner William E Fitzsimmons on these charges, received a vote of confidence Tuesday in Greene county when he came up for re-election, being returned to office by a majority approximating 500. Wendell Sherman, endorsed by both Republicans and Democrats, has been re-elected county treasurer of Greene county and Ichabod Sutton, Republican, coroner.

Ritchie by Small Margin.

By Telegraph to The Freeman.

Baltimore, Md., Nov. 5.—On the face of incomplete returns Albert C. Ritchie, Democratic candidate for governor, has been elected by a few hundred votes over Harry W. Nice, Republican candidate. Democrats have apparently elected their candidate for attorney general, as well as their leading candidates for city offices. Incomplete returns would indicate that the Democrats will have a small majority in both branches of the next legislature.

New York Truck Burns.

An automobile truck, belonging to the A. J. Goods Co., of New York city, took fire Tuesday afternoon at Catskill and a fire alarm was sent in. All the fire companies responded. The blaze was put out but the truck was badly damaged. It was taken to the Post garage for repairs. The parties with the truck were engaged in putting up advertising signs about town.

Yudenitch Needs Help.

By Telegraph to The Freeman.

London, Nov. 5.—"The Petrograd offensive of General Yudenitch has definitely failed and cannot be renewed unless it is aided from the north," telegraphed the Helsingfors correspondent of the Central News today. The Bolshevist troops, in greatly superior numbers, are delivering furious attacks against the "Whites" southwest of Petrograd.

Greene County Results.

Greene county will send to the assembly this year Frank Jacobs, an overseas soldier, at present index clerk of the assembly. Mr. Jacobs was elected on the Republican ticket by a majority of 900. In his home town of Cairo, of the 640 votes cast, he polled 518. The board of supervisors will stand seven Democratic and seven Republican, a gain by the Democrats of one over two years ago.

Arbogast Loses.

Supervisor Charles H. Arbogast, in the town of Catskill, Republican candidate for re-election, was defeated by Howard C. Wilbur, Democrat, by twenty-seven votes.

REPUBLICAN MAJORITY IN COUNCIL

By Tuesday's election the Republicans control the common council by 8 to 5. The Democratic aldermen elected were: Kullman, re-elected in Eighth; Macholdt elected in Ninth; Myers in the Eleventh; Martin in the Twelfth, and Purvis re-elected in the Thirteenth ward. In the Thirteenth ward Alderman Purvis had no opposition.

Party Workers Arrested.

Two party workers, Henry Schertz, a Republican, and William Curran, a Democrat, were arrested in Poughkeepsie Tuesday for alleged violation of Section 786 of the penal law relative to interfering with voters by illegally remaining in the booths or machine enclosures and influencing votes. Warrants for their arrest were issued by Justice Morschauser.

Poughkeepsie Plans Loan.

The Chamber of Commerce of Poughkeepsie has nearly completed plans for the assembling of capital with which to finance the building of three hundred new houses for workmen in that city. The idea is to loan $1,000,000 on three hundred dwellings to the extent of 90 per cent of the cost of house and lot.

WILKINSON TO SPEAK TONIGHT

With the Red Cross Membership Campaign under full headway interest is now centered on the next meeting of the city workers which is to be held this evening at 9 o'clock in the Y. M. C. A.

The reports Monday evening indicated a good beginning but it is a tremendous task to cover the city completely and see to it that every man and woman is given an opportunity to enlist as Red Cross members.

This task is in competent hands and will be thoroughly carried out. There is every evidence of a magnificent response to the Red Cross appeal to universal membership

The speaker at tonight's meeting will be Robert Wilkinson of Poughkeepsie.

When the call came for Red Cross men to go overseas, Robert Wilkinson, a lawyer and prominent in social and civic activities, turned the key in his office and hung a little sign "Closed" over his door.

For nearly a year Mr. Wilkinson served at Camp Upton and then with the 78th Division through the entire St. Mihiel and Argonne operations in France. Now he is back home, still an enthusiastic Red Cross worker, finding time to help with the Red Cross membership drive and home service work in addition to continuing his legal practice.

Before going to Upton, Mr. Wilkinson had been county director of home service in Dutchess county as well as president of the Associated Charities of Poughkeepsie. At Upton he was associate field director of home service and with the 78th Division he was the home service representative.

COOLIDGE WINS IN LANDSLIDE

G. O. P. Law and Order Candidate For Governor In Massachusetts Carries Entire Ticket Into Office By Huge Majorities.

By Telegraph to The Freeman.

Boston, Mass. Nov. 5.—A boom for Governor Coolidge for the Republican nomination for president of the United States was launched today following his sweeping victory with a "law and order" slogan in the Massachusetts election yesterday. Some hailed the governor as the next Republican candidate for vice-president, a running mate for Governor Lowden, or some other man from the middle west.

Complete press returns today show that Governor Coolidge was re-elected by a plurality of 124,273 over Richard H. Long, shoe manufacturer of Framingham, the Democratic candidate. Long had championed the cause of the striking policemen in Boston, saying that they had been punished sufficiently. He was expected to gain a heavy labor vote. The governor carried the industrial cities of Fall River, New Bedford and Worcester.

The entire Republican ticket was swept along into office with the landslide for Coolidge. It was the heaviest vote in Massachusetts in years.

STATUS OF COAL STRIKE UNCERTAIN

No Step Taken by Either Side to End Tie-up—Government Not Inclined to Vacate Injunction.

By Telegraph to The Freeman.

Washington, Nov. 5.—The fifth day of the great coal strike found official Washington apparently in doubt as to its status.

While officials expressed a belief that the strike was waning and some reports to the department of justice declared that miners were returning to their work, there was an air of doubt apparent today, as to whether the strike would be made ineffective by the miners themselves returning to work.

The greatest hopes of the administration were expressed by Attorney General Palmer in a letter made public in which he stated that "I apprehend the miners as law abiding citizens will discontinue it."

Samuel Gompers's declaration that the strike could be ended if the government would vacate its injunction proceedings found little sympathy from administration leaders, who declared that such action would be an acknowledgement of a mistake in the government's course against an "illegal strike." To vacate the injunction would be to admit the government acknowledged the right of the miners to strike, it was stated. Persistent reports declared that the injunction was to be vacated, but these reports were as persistently denied at the White House.

The conflicting attitude of the leaders of the strike brought little hope here.

Mayor Re-Elected.

Poughkeepsie, Nov. 5.—Mayor Ralph F. Butts, Democrat, was re-elected mayor over Dr. J. Wilson Poucher by a majority of 215. The women's vote was heavy, and it is believed materially to have affected the results in the mayoralty contest.

OHIO REFERENDUM UPHOLDS FEDERAL DRY AMENDMENT

By Telegraph to The Freeman.

Columbus, O., Nov. 5.—Ohio has rolled up another dry majority.

The size of the majority is yet in doubt but returns from half of Ohio's 88 counties received at the office of the secretary of state indicate that it will not be less than 40,000 and probably 50,000.

Dry headquarters this morning claimed victory by 75,000.

Four wet and dry propositions were voted on but chief interest centered in the federal amendment as Ohio for the first time in the history of the country took a referendum on a federal amendment to the constitution.

According to dry leaders the vote insures national prohibition becoming effective and will frustrate plans of the wets to defeat the federal amendment by means of state referendums.

A rigid enforcement act met with the voters approval; an amendment permitting 2.75 per cent beer and light wines was defeated and the state-wide prohibition amendment upheld.

Classification of property for taxation met with stinging defeat, being snowed under by 100,000 at least.

In Cleveland Mayor Davis was re-elected by a plurality of 30,000 over R. H. Bishop, Democrat.

In Columbus J. J. Thomas, Republican, defeated G. J. Jarb, Democrat, running for re-election.

N. J. RETURNS "WET" GOVERNOR

By Telegraph to The Freeman.

Trenton, N. J., Nov. 5.—State Senator Edward I. Edwards, Democrat, who made his campaign on a "wet" ticket has been elected governor of New Jersey, according to claims made at his headquarters today. It was declared that the complete returns would show a majority of from 5,000 to 8,000 for Mr. Edwards. Republican leaders, supporting Newton A. K. Bugbee, refused to concede Mr. Edwards's election "until the last ballot was counted."

Another "wet" victor was S. Roy Heath, Democratic candidate for the state senate from Mercer county.

Women are not allowed to vote in New Jersey

GOV'T FIRM AS TO INJUNCTION

By Telegraph to The Freeman.

Washington, Nov. 5.—The government will not halt its legal proceedings against the leaders of the coal strike. Legal action against the strike leaders will continue while the strike lasts.

Judge C. B. Ames, of the department of justice, made this statement this morning in response to published statements from Samuel Gompers and John L. Lewis that the strikers would arbitrate if the injunction proceedings brought by the government were vacated.

NEW MUSIC AT SING.

Community Chorus Handled Unfamiliar Songs Well.

There was a fine attendance at the Community Sing last evening, in spite of the miserable weather and the fact that it was election night. Mr. Dodge reports several new singers out, which was most encouraging. While all of the songs went unusually well, the way that the chorus took up the new work, something bigger and more full of interest than anything yet sung, "The Prince of Peace," was taken hold of in a most gratifying manner. This was sung in parts, and while the tenors were not as numerous as it is expected they will be after election, the parts all did remarkably well. The chorus members were enthusiastic over the new work, too. And how everyone did enjoy the solo by Mr. Pierson. He sang, "O, Isis," by Mozart splendidly and then gave as an encore, in delightful fashion, an Irish characteristic ballad.

From now on, the Community Sings are bound to boom, and a big turnout is counted on next Tuesday.

Dance at Mechanics' Hall Tonight.

A dance will be held in the Mechanics' Hall on Henry street this evening, under the auspices of "Curt" Shurter's orchestra of 10 pieces which will furnish the music. Dancing from 8 until 12 o'clock.

League Not to Meet Here.

By Telegraph to The Freeman.

Paris, Nov. 5.—The first meeting of the league of nations will be held in Paris instead of Washington, it was decided today by the supreme council.

Residence to be Sold.

A well known residence property on Market street in Saugerties is soon to be purchased by a New York man, who owns two other houses in that village.

REPUBLICANS RETURNED TO NEARLY ALL CITY AND COUNTY OFFICES

Canfield Wins by 1,900 Majority—Democrats Have But 5 Aldermen and 8 Supervisors—Lounsbery for County Treasurer Has 600 Plurality.

Board of Supervisors Republican by 25 to 8.

Entire Republican county ticket, including member of assembly, elected by pluralities ranging from 5989 to 619.

Mayor Canfield re-elected by a plurality of 1950 and Lieutenant Dittus elected by a plurality of 1940.

The pluralities of Van Wagenen, Traver and Conner each well over 5,000.

Lounsbery elected county treasurer by a plurality of about 600.

That summarizes the election returns. Tables showing the detailed vote on assembly and county treasurer follow:

The result of the general election held in this city and county shows that the Republicans, as expected, were victorious, electing the entire county ticket. Mayor Canfield was re-elected by 1,950 majority, and Lieut. Rudolph Dittus elected alderman-at-large by 1,940 majority. The board of supervisors will be strongly Republican and the Democrats will have but five members of the new common council, they electing Kullman in the Eighth ward, Macholdt in the Tenth, Myers in the Eleventh, Martin in the Twelfth, and Purvis, who was on both tickets, in the Thirteenth ward. The result in some of the wards was close, as Schick defeated Captain John Egan, Democrat, in the Thirteenth ward for supervisor by two votes, which reverses the outcome of two years ago, between them, when they opposed one another and Captain Egan had two majority. Robert Fleming, Republican, for supervisor in the Eighth ward, wins by only three over Hugh McTague, Democrat, and William A. Van Valkenburgh, Republican, for supervisor in the Ninth ward, wins out by six over Joseph A. Sheppard, Democrat. Frank Myers, Democrat, for alderman in the Eleventh ward, has 15 majority over W. H. Connelly, Republican.

The result in the city on mayor was soon learned when at 7 45 o'clock the fire alarm rang three 1's, which was understood beforehand to be the signal announcing that Mayor Canfield was elected. Evidently some people had not heard the first signal or at about 8:20 it was rung again. There was a crowd about the store front of Supervisor Schermerhorn, Fair street, for about an hour and a half watching bulletins put up in the store windows announcing the results in the wards, but it being all one way, the crowds did not linger. There was no excitement of any kind the people evidently being satisfied with the result or had expected it

REV. MR. COLE DROPPED DEAD IN SAUGERTIES

Was Speaking to High School Students in Interests of Better English Week This Morning—Was Widely Known and Esteemed.

The Rev. Thomas Cole, for forty years rector of the Trinity Episcopal Church in Saugerties, dropped dead this morning while addressing the pupils of the Saugerties High School. The school is observing "Better English Week," which is being presented by various speakers to the students, and the Rev. Mr Cole was the speaker today on that subject.

As the rector has been enjoying his usual good health his sudden death came as a shock to the entire community. He was over 70 years of age, and was born in Catskill. He is survived by his widow.

The Rev. Mr. Cole was the son of Thomas Cole, the famous landscape artist, and was very popular in Saugerties. He was held in high esteem not only by the members of his parish but the community at large He had always taken an active interest in all phases of civic life, and was always in the forefront in all movements for the benefit of the community.

In his death Saugerties and Ulster county loses one of its representative citizens.

UNVEILING AT K. H. S. TONIGHT

Tonight the Kingston High School Alumni will unveil the beautiful bronze memorial tablet in honor of the six K. H. S. men who in the late war gave their lives for their country, for the right and for humanity. They have arranged a remarkable program, including besides the noted speaker, Chaplain Francis A. Kelly, senior chaplain of the 27th division, brief addresses by the president of the alumni, Alfred Schmid; Judge Joseph M. Fowler and Mayor Canfield. The music will be exceptionally fine also, being a vocal solo, "In Flanders' Fields," sung by Mrs. Duncan, accompanied by Harry P. Dodge, and a violin solo, "Praeludium Allegro," by Kreisler, played by the wonderful young violin virtuoso, Earle Hummel, accompanied by Mrs. Putnam Cady. The benediction will be pronounced by the Rev. Dean Hickey. The public is cordially invited to be present, there being no admission charges nor tickets of admission.

ELECTION NOTES.

From Districts in County and City.

William D. Coons, Democrat, defeated his opponent, Edwin D. Chase, Republican, in the town of Shandaken, for supervisor by over 100. Coons carried Chase's own district.

Lemuel Bogart, the Republican war horse, of Marbletown, comes back to the board of supervisors after an absence of six years. The old members hope that there will be a good apple crop next year so he can bring an occasional barrel of greenings to meetings.

New Paltz elected Daniel Shaw, Democrat, supervisor, defeating Daniel Dayton, who was appointed supervisor to fill vacancy caused by Eugene Van Wagenen, Republican, who moved from that town.

Edwin C. Quimby, Democrat, has defeated Edward Young, Republican, in the town of Marlborough, for supervisor.

Mrs. Reta Smith, Democrat, the only woman candidate in the county for supervisor, was badly defeated by Gross B. Schoonmaker, Republican, in the town of Rochester.

In Wawarsing Chester Young, Republican, defeated Clarence A. Hornbeck, Democrat, by 15 majority.

Lester Sagendorf, Rep., is elected supervisor of the town of Woodstock by 46 majority.

J. William Ertz, Democrat, defeated his cousin, G. Walter Ertz, Republican, for supervisor in the town of Denning by 32 votes

Socialists Strong in Buffalo.

By Telegraph to The Freeman

Buffalo, N. Y., Nov. 5.—Frank C. Perkins, Socialist candidate for member of the city council, ran high of the six candidates in yesterday's election here. He received 17,102 votes. Arthur W. Kreinheder ran second and Senator Ross Greene ran third. Perkins had no newspaper support but the local street car issue helped him. He was recently ordered from the council chamber by the mayor. The Republicans elected six members of the assembly and the Democrats two. The Republican county ticket was swept in.

Battle Between Tooth Pastes

Who Will Settle the Argument. Let Your Druggist Be the Referee.

It must be perplexing to the reader to decide which of the claims are logical and which are unsupported when he reads the glowing advertisements of the various manufacturers of Tooth Paste.

One maker's product lays stress on the flavor. Another claims to "remove the film." Still another leaves a "clean feeling." Another calls attention to the teeth of wild animals and is reputed to be highly antiseptic.

After reading all carefully, the intelligent person decides to refer the matter to the court of last resort for the true answer. The druggist is the one whom the physicians and dentist relies upon to furnish expert advice on the action of chemicals. Why, therefore is he not the person for you to trust? Long years of patient training and a knowledge of the relative value of the various ingredients in all chemical products have fitted him to express an opinion. He knows because he is qualified to know.

Something over 25,000 druggists and physicians in this country belong to national association known as the American Druggists Syndicate. The national formula committee of this great association met annually in conference for 10 consecutive years in order to select the best formulas for household remedies to be manufactured in their own great laboratories maintained at Long Island City.

One of their well known preparations is A. D. S. Peroxide Tooth Paste which has been endorsed by leading dentists in every state of the nation. Your druggist will tell you that it enjoys a fast repeating sale and its claim as a perfect product is briefly stated when he tells you that "besides doing all that any other tooth paste can do, Peroxide whitens like peroxide."

Large production of this remarkable preparation enables you to still purchase the large tube at the old price—25 cents. Try a tube today and be convinced.

A SUMMARY OF ELECTION RESULTS

The election of a Republican government in Kentucky, the tremendous "dry" vote in Ohio, and the great plurality of Governor Calvin Coolidge in Massachusetts, were the outstanding features of the election. A summary of the chief results follows:

Columbus, Ohio—The "drys" rolled up a plurality of over 80,000 on the four prohibition amendments, inflicting overwhelming defeat on the wets.

Boston—Governor Calvin Coolidge, Republican, running on a platform of "law and order" was re-elected by a plurality of about 125,000 votes.

Trenton, N. J.—Early returns indicated that Democratic State Senator Edward E. Edwards had been elected governor of New Jersey on a "wet" ticket by about 10,000 votes.

Baltimore—Republicans and Democrats were still claiming the election this morning after one of the closest contests in the history of the state. The electors voted for governor and members of the legislature.

Richmond, Va.—Slight Republican gains were made in the assembly but the Democrats are still in control. No state officers were elected.

Frankfort, Ky.—Edwin P. Morrow, Republican, swept the Democratic state of Kentucky and was elected governor by a plurality estimated at nearly 20,000. Mr. Morrow opposed the league of nations in his campaign.

Detroit, Mich.—Only municipal elections were held in Michigan. John V. French, a street car conductor, was elected mayor of Detroit, over an attorney.

Reading, Pa.—Socialists claimed the election of their mayoralty candidate J. Henry Stump over John K. Stauffer, Republican, by a small majority.

Philadelphia—Representative J. Hampton Moore, Republican, was elected mayor by about 183,000 majority, one of the biggest majorities in the history of Philadelphia politics.

New York—Tammany got a "knockout" in the municipal and county election. Five of the nine men elected to important city and county offices were Republicans. A final count today showed the election of F. H. La Guardia, Republican, to the presidency of the board of aldermen, by a majority of over 1,300.

Anthony Roselein

Captain Anthony Roselein, aged veteran of the Civil War, photographed upon his return to this country recently after an eight year stay in Prussia. Captain Roselein is 82 years old. He was born in Prussia and came to this county when he was 23 years old. Three years later he enlisted in the Union forces and served with distinction throughout the great American struggle, winning the commission of captain. In 1911 he took his family to Germany in the hope that his wife's health would improve. When war broke out the German government demanded that he give up his three sons to the army, but the captain refused on the ground that they were American citizens. On his return to this country the captain and his family were honored with an official escort, a lieutenant in the United States army, all the way from Cologne, Germany, to Kirkwod, Mo.

Heat Cracks Gravel.

The bureau of standards has found that if the concrete is made with gravel, particularly siliceous gravel, there is a tendency for the stones to burst in extreme heat, which disintegrates the concrete. Accordingly it is recommended that gravel be avoided wherever possible, but if impossible the gravel concrete may be protected from extreme heat by coating it with an inch of cement, held in place by a wire mesh. Plasters may also be used in which asbestos is the principal constituent.

BELGIAN PRIMATE GIVES THANKS TO RED CROSS

Spiritual Hero of the War Speaks of the "Quality" of American Hearts

Through a pelting rain Cardinal Mercier, heroic primate of Belgium, went to national headquarters of the American Red Cross during his recent stay in the Capital personally to thank the organization for its work in behalf of the people of his country during the war.

Willoughby Walling, Vice Chairman of the Central Committee, acting as chairman, greeted His Eminence and presented to him the heads of the various departments. The entire headquarters staff gathered in the main hall, and amid a rousing American greeting the Cardinal, standing before the service flag that occupies a place of honor in memory of the Red Cross nurses who gave their lives in the war, was introduced to the assemblage.

Responding to the address of welcome by Mr. Walling, Cardinal Mercier said:

"Mr. President, the accent of sincerity in your words and the applause of the assemblage move me deeply. I feel a proper sympathy for your work. During the sorrowful years among a people who had much to suffer I understood the importance of your work—what you did for the wounded, not only for those who were sick on their beds, but for their families. It was a great satisfaction for the father and mother to know that those who were wounded in the war were being cared for, fraternally and maternally, by you.

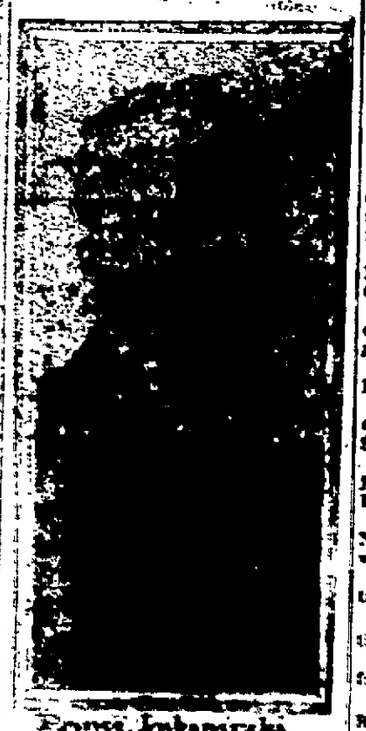

"I express to you my deep gratitude, express it to you personally, and I express my gratitude in the name of my people to those who are afar, whom your distinguished Vice President mentioned. I thank you also for your great work of Red Cross. I know your membership has grown from 100,000 to, I think it is, 19,000,000 or 20,000,000. This is splendid progress in a splendid movement.

"Still, there is one thing which I appreciate more than quantity—it is quality. Quantity is one thing you have. For the quality of your hearts with your charity for mankind—for all this I offer you my expression of admiration. And when I shall be back home, after some time, I shall tell my people that not only were you doing during the war, but you are already coming to be a permanent institution of charity for humanity, and I know that my poor Belgium—my small country—will have a share in your souvenir and, I hope, also in your help.

"In that feeling I pray God to bless you all and I shake hands with your Vice President in the idea that I shake hands with each one of you."

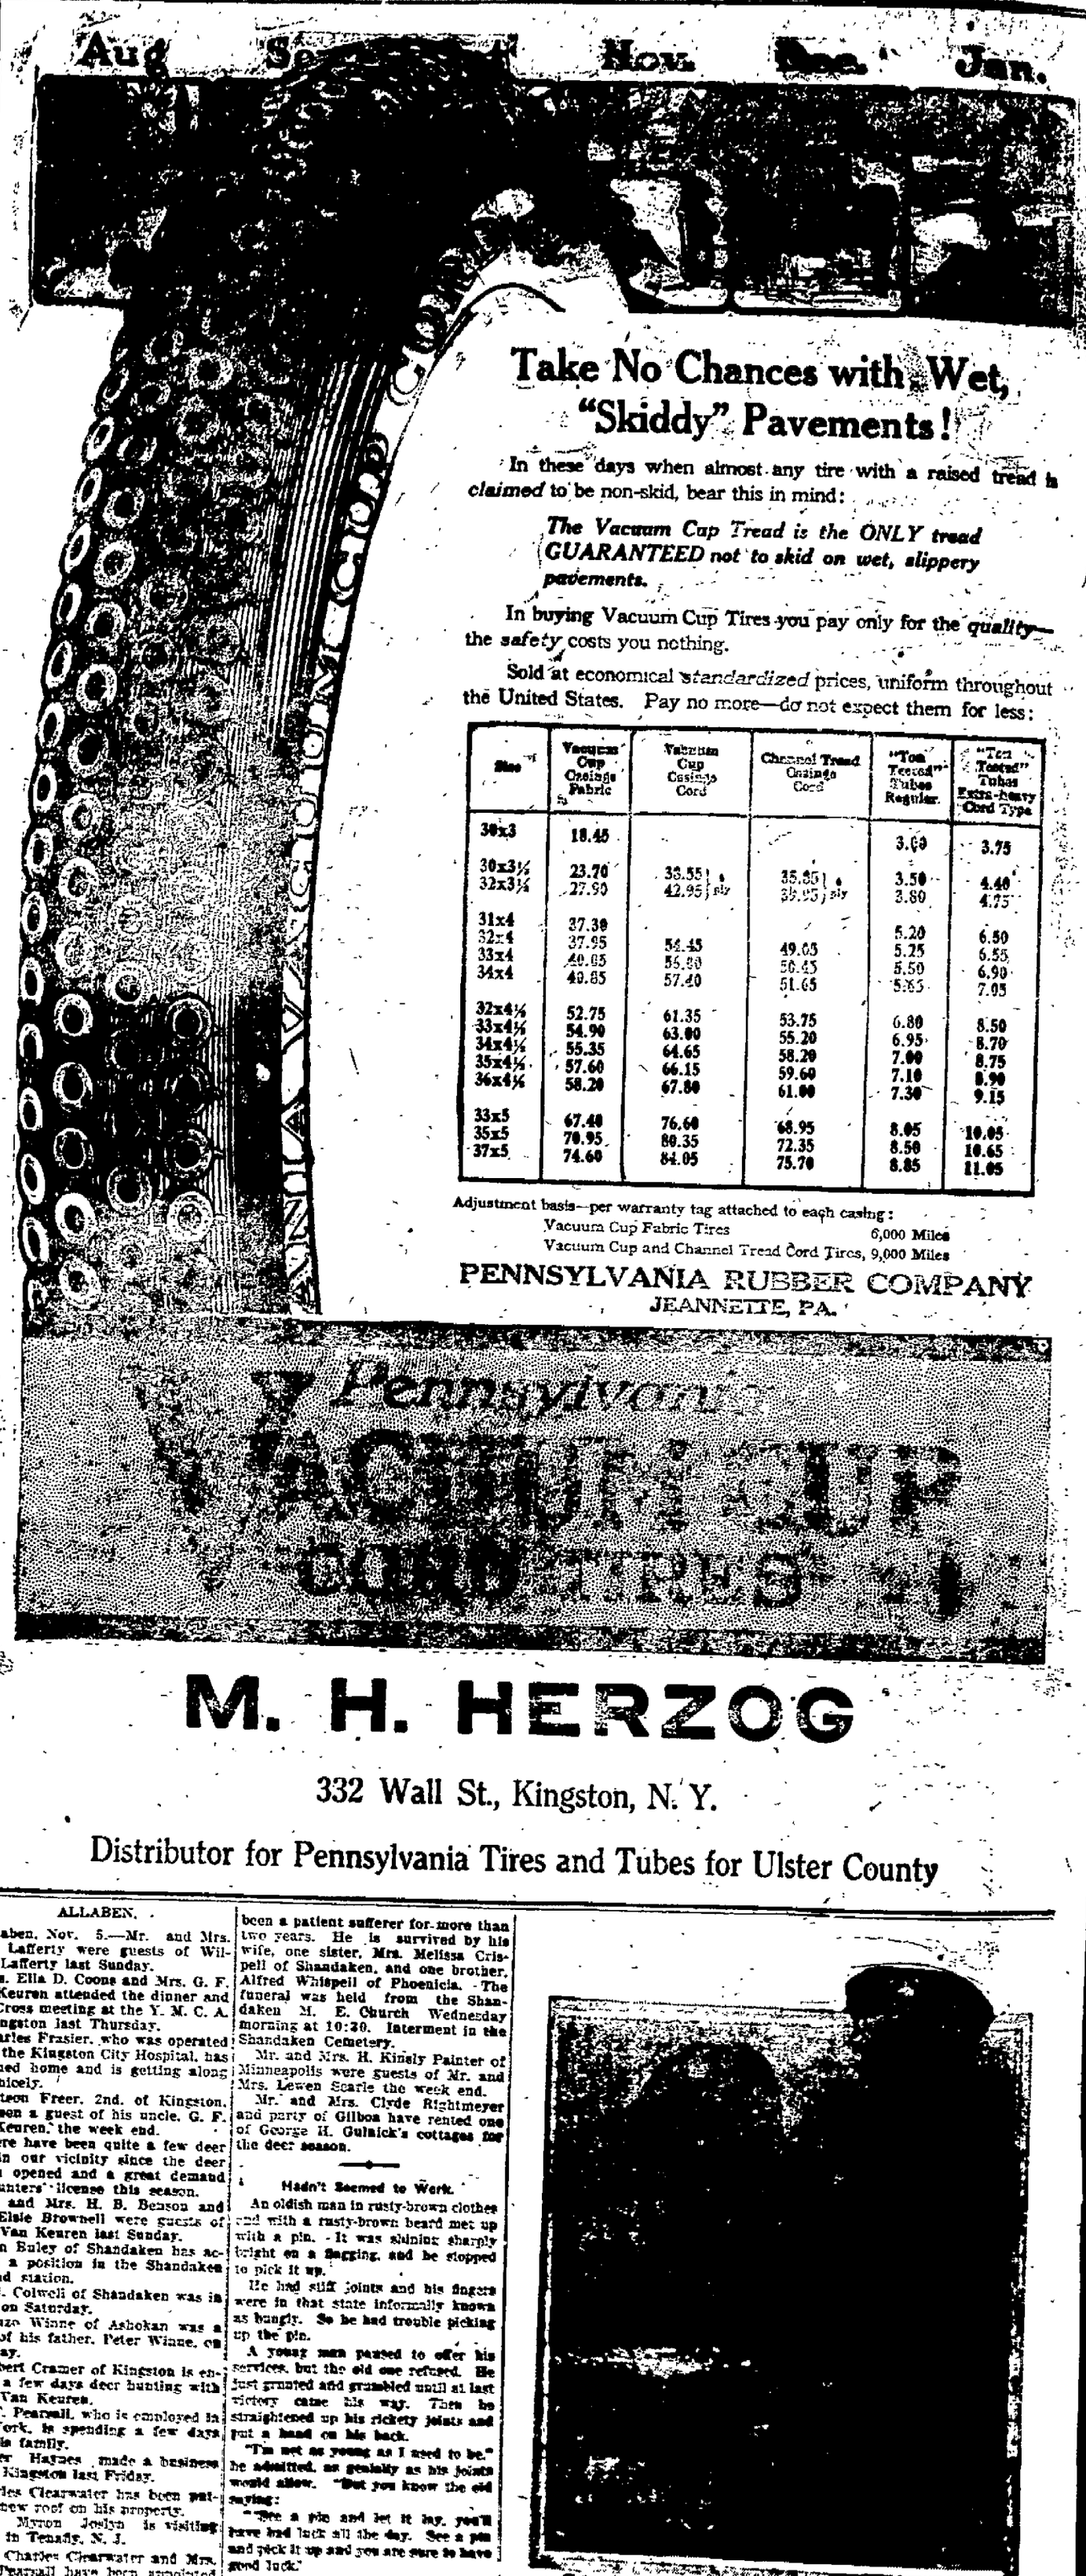

NOVOGRODEK, Poland.—Differences in class, race, or religion mean nothing to the American Red Cross workers. Dr. Virginia Murray, of San Gabriel, Cal., reports that one of the best helpers and advisers the Red Cross has in this section is S. Saferewitz, head of the Mohammedan colony that has existed here for 250 years. "There is no more honest man in Poland," said Dr. Murray. It has been repeatedly proved that his information can always be depended upon. He is energetic in getting help for people of all faiths alike."

BELGRADE.—The University of Belgrade is one of the institutions aided by the American Red Cross in Serbia. For the reopening of the university, after being closed five years, the Red Cross furnished a quantity of furniture and materials of various kinds, and also made possible the maintenance of the college "mess" by furnishing certain American food products to supplement the limited amount of food that could be purchased locally.

Prince Lubomirski

Prince Casimer Lubomirski, the first minister to the United States from the republic of Poland, arrived in New York several days ago aboard the liner Alberta. There were seventeen members in the prince's party, including his wife and four children. He left New York immediately for Washington.

ALLABEN.

Allaben, Nov. 5.—Mr. and Mrs. John Lafferty were guests of William Lafferty last Sunday.

Mrs. Ella D. Coons and Mrs. G. F. Van Keuren attended the dinner and Red Cross meeting at the Y. M. C. A. in Kingston last Thursday.

Charles Frasier, who was operated on in the Kingston City Hospital, has returned home and is getting along very nicely.

Watson Freer, 2nd, of Kingston, has been a guest of his uncle, G. F. Van Keuren, the week end.

There have been quite a few deer shot in our vicinity since the deer season opened and a great demand for hunters' license this season.

Mr. and Mrs. H. B. Benson and Mrs. Elsie Brownell were guests of G. F. Van Keuren last Sunday.

Leon Buley of Shandaken has accepted a position in the Shandaken railroad station.

E. J. Colwell of Shandaken was in Kingston Saturday.

Alonzo Winne of Ashokan was a guest of his father, Peter Winne, on Saturday.

Herbert Cramer of Kingston is enjoying a few days deer hunting with R. B. Van Keuren.

R. F. Pearsall, who is employed in New York, is spending a few days with his family.

Elmer Haynes made a business trip to Kingston last Friday.

Charles Clearwater has been putting a new roof on his property.

Mrs. Myron Joslyn is visiting friends in Tenafly, N. J.

Mrs. Charles Clearwater and Mrs. R. F. Pearsall have been appointed workers for the Red Cross in Allaben and Mrs. Ella D. Coons in Shandaken. When these ladies call on you for a membership in the Red Cross give them your "heart" and dollar for the greatest mother in the world, the American Red Cross.

Mrs. Harry Shaw was in Kingston a few days last week.

Hiram Whispell died Sunday evening at 7 o'clock. He was one of the oldest residents of Allaben. He had been a patient sufferer for more than two years. He is survived by his wife, one sister, Mrs. Melissa Crispell of Shandaken, and one brother, Alfred Whispell of Phoenicia. The funeral was held from the Shandaken M. E. Church Wednesday morning at 10:30. Interment in the Shandaken Cemetery.

Mr. and Mrs. H. Kinsly Painter of Minneapolis were guests of Mr. and Mrs. Lewen Searle the week end.

Mr. and Mrs. Clyde Rightmeyer and party of Gilboa have rented one of George H. Gulnick's cottages for the deer season.

Hadn't Seemed to Work.

An oldish man in rusty-brown clothes and with a rusty-brown beard met up with a pin. It was shining sharply bright on a flagging, and he stopped to pick it up.

He had stiff joints and his fingers were in that state informally known as hungly. So he had trouble picking up the pin.

A young man paused to offer his services, but the old one refused. He just grunted and grumbled until at last victory came his way. Then he straightened up his rickety joints and put a hand on his back.

"I'm not as young as I used to be," he admitted, as genially as his joints would allow. "But you know the old saying:

"'See a pin and let it lay, you'll have bad luck all the day. See a pin and pick it up and you are sure to have good luck.'

"So I never pass one by."

And yet he didn't look as lucky as a man ought to be who had made a life habit of picking up pins.—Washington Star.

Lieut.-Commander and Mrs. G.T. Forster

"I think American husbands are the best in the world. I advise all French Girls to marry American men." So said pretty twenty-three year old Mrs. G. M. Foster, bride of Lieutenant Commander Forster, U. S. N., on her arrival in New York recently. She was formerly Mlle. Lysou Bulgheroni, a native of Monte Carlo, and on her maternal side related to the French and Italian royal families. The couple arrived from France pretty romance which had its inception in the picturesque village of Villefranche, France, in 1913.

WOMEN PICKETS THREW PEPPER

And Desperately Resisted Sheriff's Force at Youngstown Plant Affected By Steel Strike.

By Telegraph to The Freeman.

Youngstown, O., Nov. 5.—Twenty eight arrests were made here today when fifty women pickets threw a mixture of cayenne pepper, red pepper, salt and mustard into the eyes of Sheriff Morris and his deputies as they attempted to break up a gathering of strikers at the Poland avenue entrance of the Youngstown Sheet and Tube plant.

The women charged the deputies with various missiles and challenged the officers to shoot. "Shoot if you dare," and "You can't stop us, we are American born women and go where we please," were the battle cries of the angry women as they fought.

The disturbance was the most serious of the strike here so far.

The officers had a hard time in subduing the women pickets, who resisted arrest to the limit of their ability.

The sheriff and his deputies were bruised and scratched in the melee.

ILLINOIS RESULTS.

Republicans Mainly Successful—To Have Initiative and Referendum.

By Telegraph to The Freeman.

Chicago, Nov. 5.—Practically complete returns in the Illinois constituency election shows 81 Republicans and 21 Democrats elected delegates to the convention.

John M. O'Connor, Democrat, has been elected to the superior court bench in Cook county by a plurality of about 7,933

George Fred Rush, Republican, was elected judge of the Cook county circuit court by a plurality of 16,000.

Incomplete returns indicate that the initiative and referendum question won by a large majority.

Fireman Party Wins.

Newburgh, Nov. 5.—The mayoralty election was one of the most hotly contested in the history of the city. When the volunteer fire department was reorganized by the city manager, James Miller, a Republican leader, the deposed fire companies organized as veterans and placed in nomination at the primary Henry Leonard, a Democrat, for mayor, and James Tweeds, and Wygant D. Fowler, Republicans, for councilmen.

Leonard defeated the Republican nominee, Edward J. Collins, and was made the Fusion-Republican-Fireman candidate. All three were elected Tuesday by over 1,000 plurality. They were backed by women workers at the polls, who remained at their posts from opening to closing time. Women voters were out in great numbers in all the cities and towns of the county and took as great interest in the outcome as did the men, although the number who voted was less than had been expected.

The Potato.

In its native country, on the mountains of Chile and Peru, writes Jean Henri Fabre, in Field, Forest and Farm, the potato in its wild state is a poor diminutive tuber about as large as a hazelnut. Man takes the worthless wild stock into his garden plants it in rich soil, tends it, waters it; and behold, from year to year the potato thrives more and more, gaining in size and in nutritive properties, and finally becomes a farinaceous tuber as large as your two fists.

HIGH FALLS.

High Falls, Nov. 5.—Mrs. Robert Niesh and Mrs. Wesel Benjamin visited town on Monday.

Mr. and Mrs. Harvey Niesh of Newburgh have been visiting at the home of the former's parents, Mr. and Mrs. R. Niesh.

Mrs. Jacob Delamater called on Miss Cynthia Van Wagenen on Monday afternoon.

Don't forget to come to the entertainment given in the basement of the High Falls Reformed Church this Thursday evening at 8 o'clock.

Alonzo Wolven and Mrs. Ali Yeaple have finished their season's work at Lake Mohonk.

Mrs. Isaiah Van Demark visited town on Mnoday.

THE KITCHEN CABINET

He was so human! Whether strong or weak,
Far from his kind he neither sank nor soared,
But sat an equal guest at every board,
No beggar ever felt him condescend,
No prince presume, for still himself he bare

He met a stranger, there he left a friend.

GOOD THINGS FOR THE TABLE.

In the time of year when chestnuts are in season the pudding par excellence is

Nesselrode Pudding.—Make a custard of three cupfuls of milk, one and one-half cupfuls of sugar, one-half teaspoonful of salt and four egg yolks; cook, strain and cool; add one pint of thin cream, one-fourth of a cupful of pineapple sirup and one and one-half cupfuls of blanched chestnuts cooked soft in boiling water and put through a sieve. Line a two-quart melon mold with part of the mixture; to the remainder add one-half cupful of candied fruit cut in small pieces, one-quarter of a cup of sultana raisins and eight chestnuts broken in pieces and soaked in maraschino sirup for several hours. Fill the mold, cover pack in salt and ice and let stand two hours. Serve with whipped cream flavored with maraschino sirup.

Jellied Chicken.—Dress, clean and cut up a four-pound fowl. Put in a saucepan with two slices of onion; cover with boiling water and cook gently until the meat falls from the bones. When partly cooked add a half tablespoonful of salt. Remove the fowl, reduce the stock to three cupfuls, strain and skim off the fat. Decorate the bottom of the mold with parsley and hard-cooked eggs sliced. Pack in the meat, freed from skin and bone and sprinkled with salt and pepper. Pour over the stock and place the mold under a heavy weight. Keep in a cold place until firm. In warm weather add a teaspoonful of gelatin to the stock.

Medley Sandwich.—Take two-thirds of a cup of minced chicken, one-third of a cupful of minced ham and tongue; add cayenne, and enough mayonnaise to make smooth spread on buttered brown and white bread and make ribbon sandwiches.

The "Autometric" Carburetor

-YALE-

Made by The Yale & Towne Mfg. Co.
STAMFORD CONNECTICUT

Automatically—

The correct mixture for all speeds for any car

THAT'S something you've always wanted in a carburetor, but never found.

The "Autometric" Carburetor does it.

From the moment you open the throttle until you finish your run, the "Autometric" Carburetor feeds your engine the correct mixture for whatever speeds you may travel.

Your engine gets just the amount of fuel that is actually necessary for whatever speed you happen to be going, and no more.

And the result is more power and greater flexibility of control, up to 30% more mileage from your gasoline, *at least* 20% less gear shifting (because you get the power in the pinches, when you need it) and undue wear and tear on your motor is prevented by having engine vibration reduced to a minimum

Step in and we'll arrange to have your own garage man put an "Autometric" on your car on approval.

Then you'll know what *real* motoring comfort is.

THE ELECTION.

The general result of the elections held on Tuesday is highly gratifying to thoughtful and intelligent persons who have the welfare of the country at heart and do not believe in mob rule, Bolshevism, Socialism or government by hysteria. The result in Massachusetts, where the fearless action of Governor Coolidge in handling the Boston police strike was endorsed by the voters, is especially encouraging. In New York city most of the Tammany ticket is defeated. In the state there are Republican gains in the Legislature and in the municipal elections nearly every city elects Republican mayor. Ulster county remains Republican by at least the usual pluralities, the only exception being in the case of county treasurer, for which office which has no partisan significance, Dr. Little, the Democratic candidate, due to a wide acquaintance and great personal popularity, polls a very large vote.

In the city the sober second thought of the substantial citizens who poll the greatest number of votes and make the least noise about it was exercised to an unusual degree and its influence shown by the election of Mayor Canfield and Lieutenant Ditlus by unexpectedly large majorities. The board of supervisors remains Republican by a substantial majority. This ensures a continuance of the progressive and businesslike government we had in the past, with continued reduction in indebtedness and efficient administration of affairs in county and city.

Taken as a whole, the election shows that the voters appreciate, understand and wish to continue the administration of public business by the Republican party.

THE SUFRAGE AMENDMENT.

The prospects for the ratification of the woman suffrage amendment to the Federal Constitution are not as bright as they appeared to be some little while ago. When one State after another made haste to ratify in special sessions of their legislatures, until 17 ratifying States were counted, the average reader of the newspapers, supposing the final adoption of the amendment to be a certainty, lost interest and gave his attention to other hurrying events. Probably such readers are not aware that after the first rush of ratification there came a slowdown and then an actual stop—for the time. States began to refuse to call special sessions of their legislature, thus carrying the decision over to 1920 and in some instances even to 1921—a dangerous delay. In certain of even the ratifying States there is a marked disposition to question the act of the special legislative session, a referendum being demanded in Massachusetts, Ohio and Texas.

Meanwhile Alabama, Georgia and Virginia have rejected the amendment, and there is said to be little if no hope of ratification in North Carolina, South Carolina, Tennessee, Mississippi, Louisiana and Florida. In Maryland and New Jersey it is expected that the issue will go before the people prior to legislative action. In addition to the three States that have rejected and the six regarded as "hopeless" there are said to be twenty States more or less debatable. In view of all this, and of the fact that 36 States are required to complete ratification while only 13 are necessary to bring about defeat, it is obvious that the amendment, even though claiming 37 ratifications, still has a hard road to travel. Judging from the present outlook, the success of the amendment is at least in doubt.

OTHER WORLD INQUIRY.

Basil King, the deservedly popular American novelist, has announced in a published volume his firm belief in his ability to communicate with the dead. He thus joins the company of eminent men, including Sir Oliver Lodge, Sir William Crookes and Sir Conan Doyle, who are now seeking to learn about the future life through communications with the dead by means of persons called mediums claiming a sort of wireless connection with the spiritual world. What astonishes the average observer is that the alleged facts about the future life thus obtained are so fragmentary, trivial and unimportant. What astonishes some wide readers of the world's literature even more is that such scientists as Sir Oliver Lodge and Sir William Crookes should have taken no account of the very extensive descriptions of the future life given a century and a half ago by another eminent scientist, Emanuel Swedenborg, who claimed an almost continuous vision of the spiritual realm through the permitted opening of the eyes of his soul while his body still remained on earth and who wrote exhaustively of his experiences in many volumes.

Though the reader may reject Swedenborg's elaborate and wonderful descriptions as incredible, he cannot fail to find them more interesting and more deserving of respect than the meager outgivings of present-day "mediums" who report the spirit of William James, the psychologist, for example, as having nothing more important to say to his friends in this world than that while he lived here he was fond of eating apples and some kinds of fish! In an article in Harper's Magazine, reivewing Sir Oliver Lodge's book on the subject of communications with his dead soldier-son, Raymond, the venerable American novelist, William Dean Howells, expressed astonishment that the British scientist knew nothing of or ignored "the great, full and most explicit affirmations of spiritual life" given by the celebrated Swedish scientist of the eighteenth century. "His (Swedenborg's) one work, 'Heaven and Hell,'" wrote Mr. Howells, "is a storehouse of experiences and observations which, whether we allow them to be genuine or not, are still of an extent and variety which far transcend all subsequent communications." Swedenborg's testimony, says Mr. Howells, is so "superabundant" that "curiosity is almost sated," and it is given "in terms of such dignity as make the gibberish of the ordinary 'control' of the ordinary medium seem an affront to the human intelligence."

One can well understand that the hunger for personal communication and reunion sends the average bereaved inquirer to the modern medium promising to satisfy it; one can understand such an inclination even in persons of higher intelligence. But one would naturally expect a disposition toward a more exhaustive inquiry on the part of a Sir Oliver Lodge or a Sir William Crookes, or even in a Conan Doyle or a Basil King.

Labor is not alone in wanting too much for too little. The widespread unrest of these times is very largely due to lack of contentment in moderate circumstances which, after all, are the most productive both of real happiness and moral strength. Nowadays there are too few of us as wise as Agur the son of Jakeh who prayed: "Give me neither poverty nor riches; feed me with food convenient for me; lest I be full and deny Thee, and say, Who is the Lord? or lest I be poor and steal, and take the name of my God in vain."

AT THE THEATERS.

Mary Pickford at Opera House—Love Insurance at Keeney's.

The cast supporting Bryant Washburn, the famous Paramount star, in his latest picture, "Love Insurance," which is the current attraction at Keeney's tonight, is one of the most brilliant ever assembled.

Mary Pickford will be seen at the Opera House tonight in "Captain Kidd, Jr.," an artcraft picture, in which she again portrays a Scotch role.

"Cheekers," a big special Fox production taken from the racing melodrama that was a tremendous success on the legitimate stage for many years, will be the attraction at the Kingston Opera House for three days, starting tomorrow.

"The Battle," showing at the Auditorium today, is a fight picture purely and simply. The big fight between Heart and Fortune is the feature of the picture. Pep, punch and fast moving action make this one of the kind of pictures that people won't fail to see, while Earl Metcalfe and Virginia Hammond, who are starred in it, never did better work in their career. Tomorrow Shirley Mason and Ernest Truex in "Good-bye Bill."

Although the requirements of her role in "Come Out of the Kitchen," her latest Paramount photoplay, which will be displayed at Keeney's Thursday and Friday, demands that she be ignorant of the art of cooking, Marguerite Clark is a past mistress of the science of cuisine.

A SAVING THAT BELONGS TO YOU

SOME writer once said that it took him so long to make up his mind that he must have an awful lot of it.

It didn't take us long to make up our minds what to do when we found that prices have advanced so since we bought our fall goods that our clothing is worth much more than it was a few months ago.

We decided that the saving we made on our early buying belonged to you; and you're going to get it in the best clothes made.

FINAL ACTION ON TREATY SOON

Say Republican Senate Leaders—Chairman Hays Sees Settlement as to Ratification by Nov. 15.

By Telegraph to The Freeman.

Washington, Nov. 5.—The German peace treaty will be disposed of not later than the end of next week—November 15—Senator Watson, of Indiana, and other Republican leaders of the senate confidently predicted today following a series of conferences held between them and Will H. Hays, the Republican national chairman.

Hays also expressed himself as "feeling sure" that a settlement of the long disputed question of ratification "was at last in sight."

"The Republican party and Republican senators have stood steadfastedly for ratification with reservations," Hays added. "The country may rest assured that the senate's acceptance of the treaty will be coupled with adequate safeguards of American sovereignty."

The senate was scheduled to vote today on the last of the proposed textual amendments, including that of Senator Gore, Democrat, of Oklahoma, providing for an advisory war referendum under the league of nations, and that of Senator La Follette, Republican, of Wisconsin, to strike out the labor addendum, creating the international labor conference now in session in Washington. All of the amendments were expected to be defeated.

Senator Hitchcock, of Nebraska, the administration leader, was to confer with President Wilson at the White House on the treaty situation.

Sir Joseph Lister

Fifty years ago—before Sir Joseph Lister founded antiseptic surgery—surgical operations often were followed by gangrene and blood poisoning.

Today such consequences are *rare* exceptions, and medical science has so extended the idea of *sickness prevention* that the great plagues of the past no longer ravage the world. Serums, vaccines, anti-toxins, sanitation — all stand guard before the citadel of health.

Now science has developed an effective agent against that general condition that underlies 90% of all human disease—constipation.

That effective agent is Nujol.

Leading medical authorities agree that pills, salts, castor oil, etc., simply *force* and weaken the system. Nujol softens the food waste and encourages the intestinal muscles to act *naturally*, thus removing the cause of constipation and self-poisoning.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

NEW FOOD OIL FROM GRAPE SEED

Growers of the Vine May Make Up For Loss of Wine Trade by Getting Extra By-product.

From the grape, source of wine now under a ban extra dry, is being derived a new food oil. It is pressed from the seeds which formerly were discarded. This recently discovered by-product has been tested by scientists who say that it is edible and nutritious and may become a rival of olive and cottonseed oils for cooking and for salad dressing. The news has given comfort to growers of the vine in California, Ohio and New York state, as the preparation of the oil on a large scale may increase the profits from grape juice. Even after the oil has been pressed out the residue of the seeds is found to be of value as a feed for animals.

Dr. J. H. Shrader, who is connected with the Bureau of Plant Industry, of the U. S. Department of Agriculture, has made extensive investigations in the commercial utilization of grape seed. In a paper read before the Division of Industrial Chemists and Chemical Engineers, of the American Chemical Society, he suggested that all waste of this character from the vineyards and canneries be assembled at a center, so that there will be enough tonnage to make its fabrication profitable.

"In the grape-juice industry," he says "the grapes are pressed in ordinary cider presses to obtain the juice. The skins, seeds and pulp remain behind in the cloths. The total tonnage of grapes pressed for juice in the grape belts of New York, Ohio and Michigan, was ascertained directly from the firms for each of the past five years in order to strike a fair average. From these figures, a pomace yield of 20 per cent was calculated which in turn yielded one-quarter seed, one-quarter dry skins, and one-half water.

"A method has been worked out and operated in the laboratory on a semi-commercial scale whereby grape seed can be separated from wet grape pomace without recourse to dry. The seed separation will enable the producer to take out his seed from the balance of the waste at each pulping and pressing station. This makes him independent of the necessity of shipping all of his waste to the central plant, when freight rates make such shipment prohibitive."

Because of the shortness of the grape-juice pressing season which lasts from September to November, this well-known agricultural chemist has estimated on a plant only large enough to dry the maximum amount of seed and then press it in winter months. He calculates that a charge of $9 per ton of raw material is allowed for drying and handling from freight cars to storage bins, while $15 to the ton of dry grape seed is allowed for expelling the oil and handling from the seed storage to the oil in tanks. This would include all overhead and management charges, except rent of property or interest on real estate investment.

Dr. Shrader believes that the efficiency of these plants could be increased by also extracting the oil from the seeds of tomatoes, as a great many such seeds are rejected in the making of catsup and in canning. Seeds from pumpkins and those from other vegetables can also be utilized.

Thus chemistry is seeking constantly new ways in which to increase the supply of oils from vegetable sources as substitutes for expensive animal fats, and thereby help in the ultimate reduction of the cost of living.

HIGH FALLS.

High Falls, Nov. 4.—The Misses Right, who have been spending their summer vacation at Sycamore Lodge, have returned to their home at Rye.

Robert Niesh has returned home from his trip.

Miss Harriet Church spent the past week end with her girl friend at her home in Mamaroneck.

Mr. and Mrs. George Merwin of Centerville were guests of Mr. and Mrs. M. S. Davis a few days the past week.

The recent rainfalls were very acceptable, as the rain was much needed to fill the empty cisterns.

The supper served by the ladies of the Reformed Church in the chapel the past Thursday evening, was a great success, both socially and financially. Due to the inclement weather, many who had planned to attend were disoppointed, but there was, notwithstanding the rainy weather, a goodly number present and all those who partook of the excellent supper were glad they ventured out and felt amply repaid by the pleasant evening they enjoyed. Those who helped serve as well as all those who helped with the other preparations, should be given due credit, also the committee who had charge of the festive decorations should receive a word of praise. The proceeds taken in from the supper amounted to a little over $40, the benefit of which is for the missionary fund.

Mr. and Mrs. Richard Purvis and daughter, Elizabeth, were guests at the home of Mrs. Purvis's father, James Freer, on Sunday.

Mrs. George Merwin of Centerville called on Mrs. Preston Church the past Thursday.

Miss Belle Van Wagenen called at the home of Miss Mary C. Van Wagenen on Sunday past.

Mrs. E. Kortright has been spending a few days at the home of Mr. and Mrs. George Le Fevre.

Miss Helen Clearwater and gentleman friend of Kerhonkson attended the supper in the Reformed Church the past Thursday evening.

William Van Demark of Kingston was in this place on Friday past.

Mr. and Mrs. Festus Yeaple and friend of Mountain Rest motored through this place on Sunday.

Miss Elizabeth Freer spent Sunday afternoon at the home of Miss Mary C. Van Wagenen.

Mr. and Mrs. Louis Sherman, Haywood Van Wagenen and Lacy Van Wagenen motored up from the city on Sunday and spent the day at the home of Mr. and Mrs. George Van Wagenen.

There was a dance at St. John's Hall last Wednesday evening. There will also ze one on Thursday evening of this week. Every one is cordially invited to attend, so come and bring your friends.

Prayer service will be held in the Reformed Church on Wednesday evening. The topic is "Standing for God and Right." I Kings 18:17-24.

The Ladies' Missionary Society will hold its regular monthly meeting at the home of Mrs. M. S. Davis on Thursday afternoon of this week at three o'clock.

H. W. Benjamin and children of Yonkers spent the week end at the home of Jacob Snyder. Mrs. Benjamin and youngest child, who have been spending a short time with the former's mother, accompanied Mr. Benjamin back to Yonkers.

The Reformed Church in every county is endeavoring to double its membership within the next five years. The movement is known as the Progress Campaign. The month of October was the month of prayer and service. The month of November is the go-to-church month in the Progress Campaign. Our church is asked to strive sincerely during the next five years to accomplish the ten points of progress:

1. Double the membership of the church.
2. Find someone for the ministry.
3. Make your Sunday school a "standard" school.
4. Train the young people.
5. Get everybody to read what the church is doing.
6. Start men to work for missions.
7. Get every woman into missionary organizations.
8. Enlist yourself for giving.
9. Determine to give "pro rata" to the boards.
10. Make the church a social servant.

The High Falls Reformed Church is interested in this movement and a committee meeting was held for the organization of the work on Monday evening.

The Rev. E. O. Schwithers, a former pastor of the High Falls Reformed Church, is the chairman for our particular Synod of Albany, and is doing a great work. He met with the consistories and churches of the Classis of Rochester and the executive committee felt it was eminently successful in the choice of the Rev. E. O. Schwithers for this work. The magnetism of his appeal, they said stays with us and we are around so that we cannot escape until as pastors and consistories and churches, we have linked ourselves up with the mighty movement to advance the Master's work. The Rev. E. O. Schwither's friends will be glad to hear of his active part in this Progress Campaign.

The Sex of an Egg.

According to the Paris Academy of Science the sex of eggs laid by pure-bred fowls may be determined by weight and size. A test is to hold the egg in the left hand in the sun or close to an electric or gas light. Shade the end of the egg with the right hand, and look for the air space or "setting" in dark, watery spot larger than a two-cent piece; if this is found on the top it is a male, but if lower down the side it is a female egg.

Whether you carry your purchase or have it sent

you pay your share of the cost of delivery service. That service covers sparsely settled territory as well as the thickly populated sections. Deliveries to outlying areas usually do not pay and their cost is met by apportioning the expense over the entire territory.

Practically every business is operated in this way—Telephone service has been furnished on this basis for years. We have extended our service to the smaller communities as well as to the larger because communication in and between these communities is of value to all.

You have always received service on this basis and because you have, your telephone rates have never been as high as they would have been if they were compelled to produce enough revenue to pay for the service rendered locally.

You would continue to receive service on this basis after December 1st when increased rates go into effect, but for the fact that under existing conditions throughout the State not enough revenue is provided to enable us to continue the practice.

Each locality must now pay rates for telephone service that more closely correspond to the cost of furnishing service locally. At present, there is no other way out if we are to maintain adequate service.

THURBER NEW 'PHONE CO. HEAD

At a meeting of the board of directors of the New York Telephone Company Wednesday, October 29th, H. F. Thurber, vice president, was elected president of the company. The new president has been vice-president in charge of the companies constituting the Eastern Group of Bell System Telephone Companies, which includes the New York Telephone Company, The Bell Telephone Company of Pennsylvania, and the Chesapeake & Potomac Telephone Company.

Mr. Thurber is one of the best known men in the telephone business. He entered it in 1890 immediately following his graduation from Cornell University as a mechanical engineer. The telephone business was then very young and Mr. Thurber's interest in it was aroused by an address given at Cornell University by Dr. Alexander Graham Bell, inventor of the telephone. His first position was with The Metropolitan Telephone & Telegraph Company of New York, the predecessor of the New York Telephone Company, and he has risen through the ranks to the position he now holds.

Auxiliary Meeting at St. John's.

The regular meeting of the Women's Auxiliary of the District of Orange, which is to be held in this city tomorrow, Thursday, will be held at St. John's Church and parish house, not at Holy Cross, as stated in Monday evening's Freeman. The first session of this meeting will consist of a celebration of the Holy Communion at 11:15 o'clock, with a sermon by the Rev. Mr. Long of Nyack. At the close of this service a luncheon will be served by the ladies of St. John's parish and in the afternoon Miss Delafield will address the women on "The New Vision of the Auxiliary."

A DEBTLESS CHURCH.

Ponckhockie Union Church to Burn Mortgage.

The Ponckhockie Union Church, Congregational, Rev. F. W. Moot, pastor, has attained another of its ideals by the cancellation of its entire indebtedness. The church has been organized only four years, but in that time it has acquired title to property worth $25,000, which it holds today free from all debt. It has just paid $1,200, the balance on the parsonage mortgage. The parsonage was built two years ago at a cost of $3,240, and within that time the congregation has made over $600 repairs on the church. All this money, together with ample funds for the current expenses of the church, have been raised without any difficulty.

Next Sunday, November 9, the congregation will observe its fourth anniversary. Apropriate services will be held both morning and evening, and at the evening service Hon. W. N. Gill, president of the board of trustees, will publicly burn the parsonage mortgage. The public is cordially invited and the congregation especially invites all who were ever members of the Union Chapel Sunday school to come home for one night and see what has been the fruit of their labor of past years. They also urge all who so kindly contributed to the recent parsonage debt drive to come and witness the burning of the mortgage.

OUR DAILY PATTERN.

2980

A Splendid Dress in One-Piece Style.

2980—As here shown, serge and satin are combined. The design would also be good for crepe de chine and satin. Block satin and velvet with a bit of color used as piping, would be nice. Taupe gabardine with old blue, is effective, or serge with braiding. The dress measures about 1½ yards at the foot.

The pattern is cut in 7 sizes: 34, 36, 38, 40, 42, 44 and 46 inches bust measure. Size 38 requires 4½ yards of 40 inch material.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps by The Pattern Department, The Freeman, Rondout, N. Y. Be sure to state size wanted.

Catalogue Notice.

Send 10c in silver or stamps for our up-to-date fall and winter 1919-1920 Catalogue, containing 550 designs of Ladies', Misses' and Children's Patterns, a concise and comprehensive article on dressmaking, also some points for the needle (illustrating 30 of the various, simple stitches), all valuable hints to the home dressmaker.

Spencer Brower has been ill the last week.

George E. Burger, Jr., of Troy spent the week end with his mother.

Hot Fate of the Week.

It seems that there can be no doubt that the cliff dwellers were exterminated by their more savage and warlike neighbors, the men being killed and the women being adopted into the tribe of the conquerors, though in some cases migrations may have become necessary as a result of drought or pressure from outside tribes.

Get Rid of Your Gas Grouch for Good

Don't have a grudge against the Gas man. It's not his fault that you persist in squandering precious fuel. He can't help it. But you can, however. Here's how—simply equip that car of yours with a New Stromberg Carburetor.

That's all. Right away mileage begins to multiply. Costs fall off. You go farther on fewer gallons of fuel. Your engine loses its gas greed. Then when you do wheel up to a supply station it's with a feeling of satisfaction that you have had the longest possible run for your money. There is no ground for grievance.

Now listen, brother—don't say—"that might work on some cars—but mine, well I don't know."

Your car is no exception. Its exact duplicate—by the scores are Stromberg equipped—and are giving more mileage by many miles, than you are getting.

The New Stromberg holds official economy records on virtually every make of machine.

On any car, of any year, of any size it invariably effects greater gas economy. Not only that—it actually gives better acceleration—more power and more speed. Makes a better car of the best of them.

Come in and let us show you just why and just how the New Stromberg puts a crimp in fuel consumption. Put a new Stromberg on your car. Put it to a ten day test. See the savings. Figure the economy. Get the facts. Then if you are not satisfied—we will take it back and hand back your purchase price without a question.

Boynton Square Pot Furnaces and Boilers are most appreciated by their owners when the wind howls and the cold bites deep. About that time you're particularly interested in *heat* in all rooms—still, it's good to know your Boynton heating plant isn't working for the coal dealer.

The exclusive square pot gives more fire surface. The square bed of coals makes practical the use of longer side grate bars and a little shake settles the whole fire evenly. It's as good a fire around the edges as it is in the center.

If you have never examined a Boynton, call on your dealer at once. Get particulars by mail, if more convenient.

Here's a Shoe Sale That Means Something to Shoe Buyers, These Days, When Shoe Prices Everywhere are Soaring Way "Up"!

Sale Begins Wednesday, November 5th, and Continues For the Balance of the Week

Some have full Louis heels with steel plates while others have the new and popular English walking heels. They come with hand turned soles and medium extension soles.

200 Pairs. Have been marked $7.00 and $9.00 in our stock. But—if we had to buy these shoes today they would cost us at least $1.00 a pair more than you may buy them for here during this sale.

These shoes consist of the best makes to be had, such as "Sorosis" and "Utz & Dunn." Of course there are not all sizes in every kind, but all sizes in the lot. And THE PRICE

$4.98 and $5.98

150 Pairs. Every pair taken from our regular stock. Every pair perfect. Marked down from higher prices because some of the size ranges are depleted in some of the styles that we will not reorder.

Good, serviceable shoes in button models, in gun metal, patent leather and tan leathers; regular height.

Some with cloth tops, and have medium low heels. And THE PRICE

$2.98 and $3.98

THIS IS A GREAT SAVING OF SHOE MONEY

Buy shoes when you can get them at these cut prices, for good shoes at cut prices are very scarce these days! Of course, you can stay away from this sale but you'll be losing money if you do. There will be no deliveries or charges during this sale.

RETURN THE WIRE AND BE FORGIVEN

Otherwise One Who Tried to Make This a City Beautiful by Planting Ornamental Trees Will Prosecute Person Who Stole Guard.

(Contributed.)

Kingston ought to be one of the greatest tourist cities in the world. It has the natural scenery, an asset which the creator has given above every other city in the state. Let those who have travelled extensively and abroad mention any city within or without the United States that has all things considered any more delightful scenery than this section of the Hudson river valley. It has the air, dry and exhilerating. It has the highways for autos and the transportation. The river trip to the largest city in the world is unexcelled. If this city does not after the boulevard on the west side of the Hudson is completed rise to world renown it will be because the people have no "pep" in them.

But this distinction will not come without an effort and a united effort. Within ten years from now we can make visitors to way saying, "The City Beautiful." Within ten years there will be room for a million dollar hotel. What can the people do to hasten this new era? They can fix up their yards. One can count the really beautiful yards on their fingers. It would seem that the population does not even have the idea of a beautiful yard. To see what the writer means go to "Beechwood Park," Summit, New Jersey, a new addition to the town and you will see what is meant. Every yard ought to be a herald setting forth its Creator's praise. Such surroundings have a civilizing influence. Men impulsively feel that they ought to be as good as their surroundings. Do you know that from ten to fifty dollars will transform many a yard and add several times that amount to the value of the property. The people no doubt are ready but they do not know how. They do not have a plan, do not know what trees and shrubs to buy and where to buy them. The Garden Club could render immense service to the city if they would take this matter up.

The writer has done in a small way what he could but he has met with obstacles which should be removed. He purchased a property with a yard with very little of the ornamental to relieve the monotony of a bare sward. He began planting some fruit and ornamental trees. His neighbors warned him that the effort would be in vain. As for the fruit if it grow they said it will be stolen; as for the ornamental trees the dogs which run lose will soon finish them. He said, "We will see?" Last spring he planted some ornamental trees and the prowling dogs immediately began their work. A neighbor suggested that the only way to save the trees would be to put wire guard. He did so purchasing some eighty or more feet of wire guard. The dogs with nothing to drink at home still come in flocks to slake their thirst from his bird bath, but the wire seems to have done its work. But recently some miscreant tore up some thirty or forty feet of the guard and carried it off, we will suppose for his own use and the dogs have begun their work of destruction. The writer now has choice of tearing up his trees or buying more guard. But then he will have to buy again and again and galvanized guard is not cheap. Two years ago it was scarcely obtainable. What will he do? He feels that he owes it to the city and to the people who travel daily along his street and to the thief that he may not by easily escaping be seduced to greater crimes, try to catch the thief and punish him to the full extent of the law. If he does this successfully and if his act receives the approval of the community such miscreants will stop their work and the people will have some encouragement to join the movement to make the "City Beautiful."

This the writer will do. So he herewith offers a reward of ten dollars to catch and convict the thief. Five dollars will be paid when the guard is returned with the name of the party in whose possession it is found. Five dollars more will be paid following the arrest and the conviction of the thief. He greatly deplores having to proceed against any one in the community but the thief when he reads this can arrest the matter if he returns the guard and asks forgiveness for his wrong. I live at 109 Albany avenue.

CENTRAL CIVICS ASS'N.

Meets Wednesday at Church of the Comforter.

The regular monthly meeting of the Central Civic Association will be held in the chapel of the Reformed Church of the Comforter on Wednesday evening, November 5, at 8 o'clock. The objects of this association briefly stated is to secure through co-operation and united effort a betterment of such civic matters and such local conditions as shall come under observation from time to time, and to develop a spirit of active citizenship in its members. Some of the things which it hopes to accomplish are: 1, a substantial membership; 2, better moral conditions where vice exists; 3, improved streets, sidewalks and crossings; 4, observance of proper sanitation; 5, a clean street in front of each home; 6, a good will spirit of endeavor in the community. Every man living in the central part of the city who is in sympathy with these high ideals is invited to be present and become a member of the association. Secretary Hudson, of the Chamber of Commerce, will be present and give an address.

KINGSTON "AD" FEATURED.

Van Wagenen Idea Advocated in Trade Magazine.

In the December issue of the "Bulletin of the Economy Service," of New York, affiliated with the "Dry Goods Economist," both noted and very widely circulated trades magazines, two of the L. B. Van Wagenen Company advertising ideas are especially commented upon favorably.

It says in one article: "We are indebted to the L. B. Van Wagenen Company of Kingston, New York, for a clever periscope idea which we are illustrating in the accompanying sketch." In addition to a clever cut of the periscope the article goes on to advocate the same for special Christmas advertising.

On another page are displayed three new Christmas name plates for the top of an advertisement, as showing excellent taste, and being particularly appealing. They are, first that of the L. B. Van Wagenen Company, showing the name with accompanying simple decorations of conventionalized holly leaves and Christmas trees; one of the big Hahnes Store in Newark, N. J., and the third of the large "Bamberger Street Store" in Newark.

It will be seen by the foregoing that L. B. Van Wagenen Company is not only soing some mighty fine advertising for itself, but it is giving Kingston, New York, the name of being especially up-to-date as a live mercantile city.

CONFERENCE ON EVERY NAME DRIVE

Father Huntington Defines Purpose of Episcopal Campaign at St. John's—St. Stephen's President Speaks Today.

The address delivered by the Rev. Father Huntington at the every naine campaign conference of the Kingston district, held at St. John's parish house on Tuesday evening breathed the breath of life into the well created and functioning organism now known as "The Every Name Campaign," New York's part in the nation wide campaign of the Episcopal church. The conferences held on Tuesday, both afternoon and evening at St. John's parish house, were to consider the purpose and method of the campaign, and Father Huntington took upon himself to define the "Purpose."

In one of the stories that he told, and Father Huntington is a most delightful and realistic teller of stories, the speaker said that the recent war would scarcely have been won if the officers had gone to the men in the barracks and asked them please to come out for parade, and if they had refused on the ground that the officers had visited some other barracks first, or some equally silly excuse, had urged them a little harder to do so. Father Huntington was quite sure there would have been little going over the top in that way, and if the people in the churches, the nominal Christians were "soldiers of Christ," as they were supposed to be after baptism, he thought it was about time to act in a more soldierly manner and obey Christ's command. That command, which was first put upon Christ himself by God, his Father, had been threefold; to glorify God; to save the lost; to sanctify the faithful, and Christ lays the same command upon his soldiers, his followers today.

Nor did Father Huntington leave the matter there, with those three nice, pious sounding phrases. He put the matter with such force that every conscience that heard him went home with something to think about and live up to.

"Glorify God!" said Father Huntington, "When you find the man who says he can glorify God in any place and all of the time you notice that you never catch him at it. When he tells you that he does not need to go to church, he can read his Bible at home, you can be sure that you won't find him reading his Bible on any Sunday you try to discover him doing so." We know today the value of organization, team work, getting together and we know the value of leadership and inspiration and enthusiasm. "God in us." There's no objection to any of us worshipping God all of the time and praying while we black our shoes, but there is every good reason why we should come together to worship God together in the church on a specified time and in obedience to the command of our superior officer, Jesus Christ, when he says, "Do this in remembrance of Me!"

Then, the second purpose, that of saving the "lost." Father Huntington described the "lost," not those who live in the slums, the so-called disreputable people, but anyone who has not been found. And he noted that many a prosperous business man, society leader, philanthropist has never been found as a soldier of Christ, has not found him or herself and is as much in need of our sympathy, understanding, help as would be any other wanderer in need of a guide. It was the job of every one who dared to call him or herself a Christian, not just the job of the clergyman, to see to it that every other person became acquainted with the heavenly father if that person had not already done so. And our daily living was shown to be the best possible guidance, to one not already on the right road, provided we are actually living like Christ.

"Sanctifying the faithful!" The speaker feared that most of us were not as seriously concerned over making our own and other lives progress toward God, that is become Holy, as we might be. What the clergy are for the most part trying to do, according to Father Huntington, is, if possible, to get their parishioners to live a little more like a real Christians and a little less like heathen. Instead of being able to lead them into a higher and broader field of living, as they should be doing.

In this Every Name Campaign he said there will be some way in which every man, woman and child can do something to further the purpose. Christ's purpose, the purpose of the Church, to glorify God; to find and save the lost; and to make holy those who are trying to be faithful and loyal to their highest officer, their Master, Christ. Father Huntington begged of each one to do some very earnest praying over the matter, and finding some little or big task which they could do, to at once take up that task aided by God's wisdom, helped by His strength, re-enforced by His courage.

And here is one pertinent and very local question said the speaker that each one might ask him or herself in connection with the campaign: "In this little city of Kingston, do you really, and in friendly fashion know the people, all of them, who live on your block, so that you are in the sense that Christ meant it, their neighbor."

This afternoon the second afternoon in session of this Conference was held at Holy Cross Parish House, at 3 o'clock, the speaker being the Rev. Mr. Bell, the new president at St. Stephen's College, Annandale. Later tea was served, and tonight one of the Fathers of the Holy Cross Monastery will be the speaker at Holy Spirit Church.

They say that the bread mixer is useful for making mashed potatoes that are light and creamy

According to recent reports, lamb chops are the most popular form of meat served in New York city hotels.

Many cooks add a little vanilla to chocolate or cocoa to improve the aroma and flavor. Have you ever added a little cinnamon instead? Some folks like it.

A wooden tub or bowl for washing the best pieces of china and glassware will save them from the chips and cracks that are bound to come from a metal or enamelled pan or sink.

If the Christmas tree is set in a tub or bucket of water the needles will not drop off. Better still, set it in damp sand, which should be kept moist.

"Is there any rebate if the bottles are returned?" asked a woman of her milkman the other day. If a deposit were required on bottles, consumers might be more careful.

If the laundry work is yellow or streaked, maybe the soap is at fault. Most cheap soaps contain a large amount of resin. When the clothes are boiled the resin is set free, and is deposited in yellow spots or streaks on the clothes.

JUBILEE SINGERS.

Rendered Fine Program at Clinton Avenue Church.

The Ulster County Jubilee Singers who appeared at the Clinton avenue M. E. Church Monday evening under the direction of the Rev. A. L. Hughes of the Foxhall Avenue M. E. Church, gave a highly pleasing entertainment. There was a very large and appreciative audience and so well was the program rendered that the singers were called upon to respond to several encores. Among the numbers rendered were "Swing Low Sweet Chariot." "What Kind of Shoes You Going to Wear" and "In the Good Old Fashioned Way." The Rev. Hughes also sang two very much appreciated solos, and there were recitations by Mrs. Snyder, Mrs. DeWitt and Mrs. Brown.

During the evening the Rev. George M. Cranston, pastor of the Clinton Avenue M. E. Church, complimented the Rev. Mr. Hughes on the splendid work which he had done in his church and called upon all the people of the Clinton Avenue church to give their assistance in this work.

The program closed with a selection by Mr. Hughes. "Shine for Jesus." The Jubilee Singers are expected to receive an invitation to return at some future date and repeat their program in the same church.

Reception for Firemen Who Served.

This evening the Central Hook and Ladder Company will give a reception and entertainment to the 14 members of the company who served in the late world's war. The reception will be held at the company headquarters in Central Fire Station, beginning at 8 o'clock.

ELECTION RESULT PLEASES CAPITAL

Administration Feels Supported by Republican Victory in Massachusetts—Republicans Take Kentucky Result as Good Omen for National Campaign.

By Telegraph to The Freeman.

Washington, Nov. 5.—All Washington is jubilant today over the results of the elections yesterday.

Republican leaders are rejoicing in the election of Calvin Coolidge as governor of Massachusetts and Edward Morrow as governor of Kentucky. Democratic leaders are just as happy in the apparent victories of Albert Ritchie, gubernatorial candidate in Maryland, and Edward I. Edwards, the Democratic candidate in New Jersey.

Most significant are the elections in Kentucky and Massachusetts to leaders here. Despite the fact that a Republican was elected in Massachusetts, it gave some satisfaction to the administration, because it is taken as indication of endorsement of a strong governmental policy in handling labor situations. Coolidge was under fire because of his strict attitude in regard to the police strike in Boston and his election is regarded as a vindication of that attitude, which the administration is now carrying out in the coal strike situation.

Republican leaders pointed to the Kentucky election as an indication of the next national campaign results. They declared that the election in Kentucky had a national aspect and that national issues were brought into the struggle and that the victory for the Republican party is a vindication of the national program of that party.

At the White House there was a great deal of satisfaction with the New Jersey results. Secretary Tumulty had been active in the campaign of Edward I. Edwards and the apparent success of that candidate is interpreted as showing the approval of New Jersey of the administration's course.

The result of the "dry" vote in Ohio on prohibition caused no surprise here for Ohio has been listed as one of the strong "dry" states for some months. The "wets" declared that yesterday's vote was no indication of the future attitude of the country on prohibition.

The election of Theodore Roosevelt to the assembly in New York state was very gratifying to those staunch friends of the late Colonel Roosevelt who remain in public life here. Some went so far as to predict that it was the first step in the path of his father by the son.

RESULT SAD BLOW TO TAMMANY

By Telegraph to The Freeman.

New York, Nov. 5.—Gloom hung over Tammany Hall today as a result of the stinging rebuke administered by the voters in the election in the greater city. The returns showed that Tammany had lost two supreme court justices, one city court justice, five votes in the board of estimate, president of the borough of Manhattan and three assemblymen.

Complete tabulation of the vote gave former Congressman F. H. La Guardia, Republican candidate for the president of the board of aldermen a plurality of 1,363 votes. The contest was a close one and two missing districts throughout the night made it impossible to tell what the outcome would be. Mr. La Guardia conducted a vigorous campaign against Tammany and had the support of many women's organizations.

Irwin Untermeyer, a Tammany judiciary candidate, who was bitterly assailed for his war record, and Robert La Luce, another candidate for the bench on the Tammany ticket, were among the defeated ones.

Roosevelt Made Doubly Happy.

By Telegraph to The Freeman.

Oyster Bay, N. Y., Nov. 5.—There was double cause for rejoicing in the home of Lieutenant Colonel Theodore Roosevelt today. While Lieutenant Colonel Roosevelt was being elected to the assembly on the Republican ticket by the largest plurality ever rolled up in Long Island, his wife gave birth to a baby boy. The boy will be named Quentin, after his uncle who was killed in an air battle during the war.

BOXING BOUTS HERE NOV. 13

Third Smoker of Kingston Athletic Club Promises to be a Hummer—Some Exceptionally Fast Bouts Being Arranged.

Thursday evening, November 13, is the date fixed for holding the third smoker and boxing exhibition of the Kingston Athletic Club in Griffiths's Hall on lower Hasbrouck avenue, and a boxing card that is a hummer is being arranged.

It was expected to have the main bout between Vincent Coffey, the local boxer, and Willie Chrystal of Newburgh, but it is understood that efforts to match the two men fell through as Chrystal wanted a larger financial consideration than the club officials thought he was worth. However, the boxing fans will be given an opportunity of seeing Coffey in a real fight as a match is being arranged with an exceptionally fast man from Newark, who will make Coffey step some.

Turk Kelly of Wappingers Falls will also meet a fast man from Newark, N. J., and Dick Bell of Poughkeepsie will step six rounds with Joe Riley of this city.

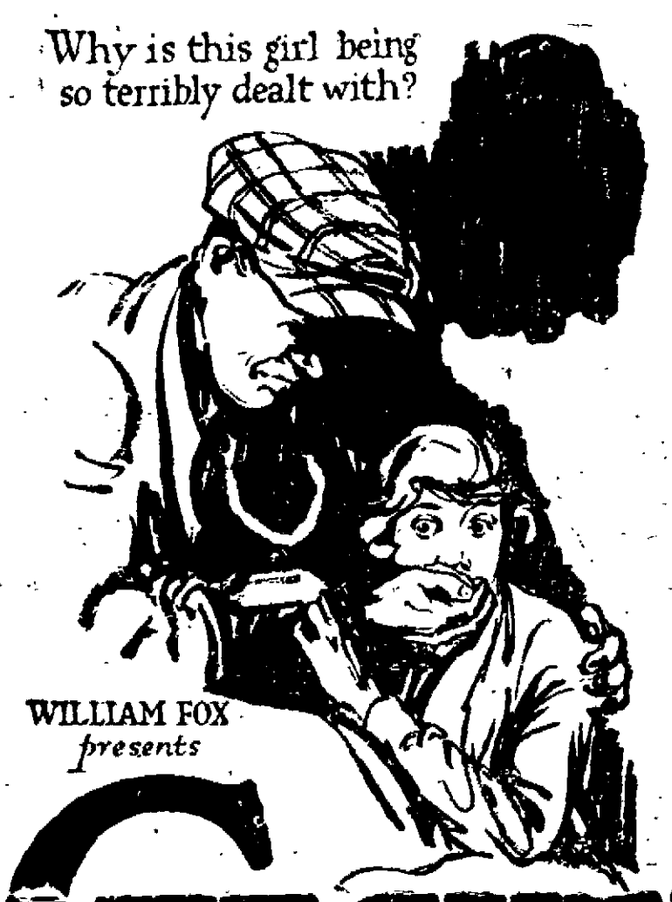

Those who attended the first and second smokers of the club were well satisfied with the boxing bouts they saw, and the third smoker will be even better. Tickets for the bouts may shortly be obtained, and there will probably be a packed house when the bell rings for the first bout of the evening.

Plate Glass Front.

Spencer Enslet of this city, representing the Pittsburg Glass Co., a few days ago closed a contract with the Tompkins Dry Goods Company at Middletown, N. Y., to install the largest copper and plate glass front for their new building, between New York and Albany. It will cost over $6,000. Mr. Enslet will also furnish the copper and plate glass front for the Homan building, Wall street, opposite the court house. This front, with its cut stone piers, arches and arched doorway in the center, will be one of the most attractive fronts in the city.

COMFORTER NEWS.

A Church That Shows Steady Progress.

Large congregations greeted the pastor of the Church of the Comforter on Sunday. For five years the present pastor has served this congregation and during that time there has been a very marked growth. The morning sermon on "The Joys and Rewards of the Christian Ministry" was in keeping with this anniversary occasion. During the course of the sermon the statement was made that 254 persons had been received into the membership of the church in five years. A new pipe organ has been installed, the church has been enlarged and renovated and all bills have been met promptly. The congregation at their meeting a week ago last Monday night voted unanimously to increase the salary of the pastor two hundred dollars. This is the third time in five years that the salary has been raised. All departments of the church are in a prosperous condition. The congregation is entering heartily into the spirit of "The Five Year Progress Campaign" and are observing this month as Go-To-Church month.

Next Sunday evening at 7:30, the Boy Scouts, Troop No. 3, will attend in a body. Rev. Muhleman, the Scout Executive will give an address. A quartet composed of Miss Maud Werner, soprano, Miss Aurelia Wood, contralto, Harry E. Sharp, tenor and Peter J. Dougherty, bass, will render a selection. The public is cordially invited to the service.

The Ladies' Aid Society will hold its monthly business meeting in the chapel on Wednesday afternoon at 2:30. After the business session Circle No. 2 will serve light refreshments and a free will offering will be taken. Every lady in the church is invited to attend and join the society.

Mid-week prayer service in the chapel on Thursday evening at 7:30. In keeping with the Go-To-Church month, every member of the church is urged to be present.

To Start a Clock.

The stopping of a clock may be due to clogged wheels. Thoroughly saturate a piece of white cotton with kerosene oil and place it inside the clock case. Probably at the end of a week the cotton will be black with dust that has been loosened by the fumes of the oil and the clock will run as well as ever.

Life.

Life is beautiful, and it should be lived in beauty. It has, and must have its shadows, to be sure, but there is a beauty in the shadow as well as in the glint and glimmer of the sun. Sometimes there are sorrows that are good for us, because they clear our hearts of selfishness and teach us to sympathize with our fellow human beings. Grief has made many a heart gentle that was not so before.

"Writ Sarkastic."

In answer to a question as to whether it is safe to allow a baby and dog to sleep together the health department of the Brooklyn Eagle says: "A child of that age is capable of harboring all sorts of microbes, and she might infect the dog with something, so it isn't very safe for the dog. A dog should have a separate bed with a change of sheets every night."

How the Experience of Years Saves Money in This Post-War Maxwell

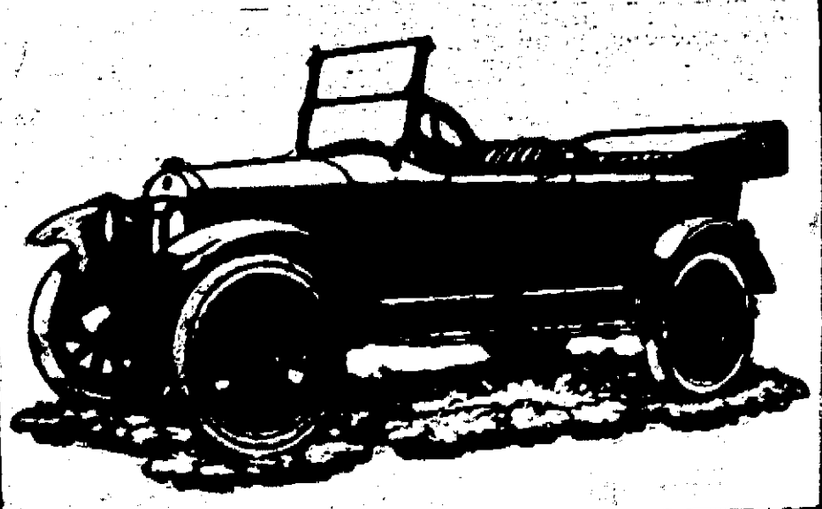

THE run of 300,000 Maxwells to date saves you many a worth while dollar in the new Post-War Maxwell. Those 300,000 saved in many ways.

1. They taught "short cuts" in manufacturing.
2. They eliminated all experimental work—you don't have to pay for a single engineering mistake.
3. They developed quantity production which has reduced "overhead."
4. They enabled quantity purchases; and better materials are bought at lower costs.
5. They taught how to build an almost trouble-proof car; you seldom take a Post-War Maxwell to a repair shop.
6. They taught how to get the most mileage out of a gallon of gasoline, a pint of oil and a set of tires.
7. They taught how to build a car that the less skilled driver would find simple to operate and take care of.
8. They taught that it was better to build more and take less profit per car rather than build less and take more profit per car.
9. They taught how to put more and more value in the car without increasing its cost.

This Post-War Maxwell is next year's car. It contains features developed during the war, many of which will find their way into other cars in the summer of 1920.

MINERS' HEADS STANDING PAT

By Telegraph to The Freeman.

Indianapolis, Ind., Nov. 5.—Flat refusal of the government today to halt its legal proceedings against the leaders of the coal strike leaves the miners officials unshaken in their determination to stand pat on their contention that they are willing to negotiate provided the government withdraws its restraining order, it was apparent today.

"I can't say if we contemplate withdrawal of the original strike order." Acting President Lewis of the mine workers told the International News Service. "Under the restraining order I understand I cannot discuss the question."

"But," he added, significantly, "I don't see why we should contemplate such action, do you?"

When he was informed of the assertion of Judge Ames, of the department of justice, that the government would not halt its legal proceedings in the strike, Lewis said:

"It is very interesting, but there is nothing I can add to my statement of last night."

The miners' executive referred to his former announcement that the miners are willing to negotiate if the government vacates its restraining order against the miners' leaders.

Pressed for a strict interpretation of his statement of last night and informed that it is the general view that the miners do not intend to negotiate unless the government vacates its injunction, Lewis said:

"I cannot deter anyone from taking that view."

Mr. Lewis's statement, coupled with that of Judge Ames, is accepted as indicating that the coal situation is as strongly deadlocked as it was at its inception.

MERCHANT MARINE.

Owned by Citizens is Aim of House Bill.

By Telegraph to The Freeman.

Washington, Nov. 5.—A privately owned and operated American merchant marine, through the gradual absorption of the shipping board ships by citizens of the United States is contemplated in a bill reported to the house this afternoon from the house merchant marine committee.

The shipping board is to be retained as a regulatory body.

No ships useful to the American shipping program are to be sold to foreign interests.

The present construction program, involving about $100,000,000, is to be completed.

AFFECTED RESULT.

League Lost Democratic Votes, Says Reed.

By Telegraph to The Freeman.

Washington, Nov. 5.—"We heard a rumble yesterday in the elections," said Senator Reed, Democrat, of Missouri, in a speech in the senate today. "We may on this side of the chamber go off in a corner and hold a meeting with ourselves and resolve that the league of nations had nothing to do with it, but it is my opinion that it had much to do with it, and the only place where we saved our skins was where we rallied the cohorts of John Barleycorn and raised the glorious issue of 'free booze, to a point where all the other issues were obscured."

Omaha Mayor Back.

By Telegraph to The Freeman.

Omaha, Neb., Nov. 5.—Following his return from Florida, where he had been since he left the hospital here, Mayor Smith, who was attacked by a mob September 28, during rioting which culminated in the lynching of a negro and the destruction of the court house by fire, has returned to his desk at the city hall.

DR. W. E. E. LITTLE IS IMPROVING

Democratic Candidate For County Treasurer Suffering From Heavy Cold—Being Attended by Dr. Mark O'Meara.

The condition of Dr. W. E. E. Little, Democratic candidate for county treasurer in Tuesday's election, was reported as being somewhat improved today. Dr. Mark O'Meara, who is attending him stated that Dr. Little is suffering from a severe cold and a touch of the grip, having all of the latter symptoms

Both Tuesday night and this morning the Busy Street Liar and corner gossiper were diligently pursuing their vocations scattering tales of the doctor's critical condition and later of his death. Inquiry at the doctor's house, however, brought out the information that while he is very sick, there is every possible chance for a recovery. He was taken ill two days ago.

LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Dr. and Mrs. George H. Clarke have been called to Wilkes-Barre, Pa., by the death of Mrs. Clarke's brother, Harry Sutherland. His death comes as a great shock to Kingston friends many of whom he met during his recent visit to this city.

Richard Nolan, one of the best known residents of the lower section of the city died at his home, 397 Delaware avenue, Tuesday evening after a short illness. For a number of years he was employed as janitor of School No. 4. Notice of funeral arrangements will be made later.

Capt. James P. McAndrew died today at his residence, 39 Grove street. He was a well-known boatman and is survived by five sons, Thomas, Robert, James, John and Raymond; one daughter, Susan; and two brothers, Robert and Thomas. Notice of funeral arrangements will be made later.

William Trainor, a respected citizen of Eddyville died at his home there Monday evening. He is survived by two daughters, Rose Ann and Margaret Cecile, both of New York city. The funeral will be held from his late home, Thursday morning at 9 o'clock and from the Church of the Sacred Heart at 10 o'clock, where a solemn requiem mass will be celebrated for the repose of his soul. Interment in the family plot in St. Mary's cemetery.

William Haselberger of New York city, aged forty-five years, died in that city October 20th, after an illness of a few weeks. His funeral was held Thursday afternoon from Campbell Hall with interment at Woodlawn Cemetery. Mr. Haselberger was formerly a resident of this city. He was a man of sterling qualities, respected by all who knew him. He is survived by his wife and two children, a brother, Jacob, and a sister, Mary, of Wilkes-Barre, Pa.

Thomas Gibbs, aged 80 years, died at his home in Poughkeepsie, Sunday. He was a veteran of the Civil War and a member of the Poughkeepsie lodge, Knights of Pythias. Besides his wife, he is survived by four children, Mrs. E. S. Craft of this city, and William D. Gibbs, Miss Jennie L. Gibbs and Mrs. Emilie Adair of Poughkeepsie, also three grandchildren, Raymond E. Craft of this city, and Howard H. Gibbs and Janet E. Adair of Poughkeepsie.

One of the largest funerals ever held in Wittenberg was that of Frederick Happy last Sunday afternoon. Mr. Happy was an old and respected resident of this place whose death came suddenly Thursday afternoon, October 30th. The services were in charge of the Rev. A. Van de Meer assisted by the Rev. G. O. Wilsey of Ashokan, a former pastor of this charge, who paid a glowing tribute to the faithful Christian life of Mr. Happy. Religion to him was a matter of principle and habit. Church going was natural to him for he was nearly always there. The Sabbath day was not a day for pleasure and recreation to him, but of religion and rest. The Bible as the word of God never lost its interest to him. For this reason he was strong in his sympathy for the Sunday school of which he was superintendent for a number of years. He was wonderfully gifted as a speaker and teacher and was demonstrative, as a man of words and was often heard, he being the class leader for many years. His faithfulness in this work was unlimited. In all his business and church relations his life was an open book and worthy of emulation. Indeed he has seemed indispensable at times and now he has entered upon his reward. He has served the church unselfishly many years. He is survived by his wife, two sons, Frank and Emory, of Wittenberg, and one daughter, Mrs. Thomas Shultis, of Bearsville, also one brother, the Rev. J. C. Happy, of Wittenberg, and one sister, Mrs. Elizabeth Short, of Bearsville. During the service the choir, assisted by Louis Short of New York, formerly of this place, very feelingly sang "Some Sweet Day," "The Christians' Good-night" and "It is well With My Soul." Grant Becker very ably rendered a solo entitled, "Out of the Shadows." The many floral tributes from the church and friends gave silent testimony of love and sympathy. Mr. Happy was laid to rest in Woodstock cemetery.

World Wide Women's Union.

By Telegraph to The Freeman.

Washington, Nov. 5.—Organization of a permanent association of working women of all nations is being attempted through the International Congress of Working Women meeting here. The principles on which the association will stand, will include opposition to child labor, and standardization of working conditions for women. Prohibitionists and Socialists.

FEW SMALL COAL OPERATORS YIELD

By Telegraph to The Freeman.

St. Louis, Mo., Nov. 5.—The first semblance of a break in the situation of the coal fields adjacent to St. Louis came today when James Mason, secretary of the Belleville sub-district of the United Mine Workers said seven operators of small mines in the southern fields, had offered to grant the miners' demands and sign a new contract immediately. Union leaders were jubilant over the proposals as a possible forecast of victory for the workers in the nation-wide strike. Mason said the offer probably would be rejected as no miners would sign an agreement until the national strike is settled. The operators making the proposal own small mines which supply their communities only.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, Nov. 5.—There was brisk trading at the stock market opening today, initial advances ranging from fractions to four points. Steel Common rose ¼ to 112; Republic Steel 2 points to 139; Railway Steel Spring 2¾ to 107; Baldwin Locomotive 1 point to 146¾; Crucible Steel 4 points to 249; American Car and Foundry 3 points to 145 and Bethlehem Steel B 1¾ to 110. International Paper advanced 2⅜ to a new high of 79⅞; General Motors 3 points to 404; U. S. Rubber advanced 2⅝ to 136; Sinclair 1⅜ to 64, while Mexican Petroleum advanced 3 points to 254 and Texas Company 2½ to 337. The coppers showed an improvement of about 1 point, while fractional upturns were made in the most active rails.

Prices reacted during the forenoon. Steel Common dropped one point to 111½; Republic Steel 2½ to 136½; Lackawanna 2 points to 102½; Pierce Arrow, 2⅜ to 88½; Studebaker, 3 points to 140½, while the rails and coppers receded about a point. Baldwin Locomotive rose 2¼ to 108; Central Leather, 2 points to 110¼; American Car and Foundry, over 6 points to 148 and International Paper, 4 points to 81¾.

Trading was quiet during the afternoon with prices shading off from 1 to 2 points.

The market closed weak; government bonds unchanged; railway and other bonds steady.

More Republicans Win.

By Telegraph to The Freeman.

Rochester, Nov. 5.—Scattering returns indicate the re-election of Edgerton, Republican, for mayor. Early returns show that the Republican assembly candidates have been severely cut. They were opposed by labor and the personal Liberty League. The result at present seems to be in doubt. Thirty-eight districts in Rochester give Edgerton (Rep.), mayor 5,320; Hopkins (Dem.), 5,520. Returns thus far indicate election of Dobson and Harris, Republicans, assemblymen.

Army Deported Belgians.

By Telegraph to The Freeman.

Berlin, Nov. 5.—The German army high command was held responsible for the deportation of Belgian and French citizens during the war by former Chancellor von Bethmann-Hollweg, when he presented going testimony before the war guilt commission of the national assembly.

G. O. P. TAKES MT. VERNON.

Rev. James Berg is Reelected Comptroller.

By Telegraph to The Freeman.

New York, Nov. 5.—Republicans were generally successful in yesterday's voting at Mt. Vernon, N. Y. Elmer L. Kincaid (Rep.) defeated Albert F. Desheldt for mayor. The Rev. James Berg (Rep.) was reelected comptroller over Abel J. Levine (Dem.), a war veteran and D. S. C. man.

For city treasurer, Mrs. Emma A. Hollywood (Rep.) defeated W. J. Flynn.

For assessor, Colin Mackenzie (Rep.) defeated John S. Lyons.

George C. Appell (Dem.) was reelected city judge over Frederick W. Clark.

For receiver of taxes, John H. Cordes (Dem.) won over George Weatherby.

Rev. James Berg, who was elected comptroller, is a Lutheran minister, having preached on many occasions at the Church of the Redeemer, this city.

A DOG CASE.

Interesting Trial in City Court—Is it Ted or Buster.

The entire morning, and part of the afternoon in city court today was consumed in the trial of the replevin action brought by Mrs. May Wood of Connelly against John Schussler of Catherine street, to recover a French poodle. There were about thirteen witnesses examined, and considerable testimony was taken. At the close Judge Shufeldt reserved decision. From the evidence Mrs. Wood claimed that the dog in court was her Ted that she had bought from a family named Van Buren. Mr. Schussler claimed the dog's name was Buster and had been given him by a Mr. Hamilton of Bayonne, N. J. Chris. J. Flanagan represented Mrs. Wood, and Robert G. Groves appeared for Mr. Schussler.

UNREST HEALTHY SAYS GOMPERS

Strike Question Can Only be Solved by Conference Determined on Justice—Reds Have Little Voice in A. F. of L.—Looks for Miners to Win Speedily.

By Telegraph to The Freeman.

Washington, Nov. 5.—Samuel Gompers declared today that industrial unrest is the hope of the laboring class as well as the race and that the injunction proceedings tying the hands of the miners' officials was "a grave, grave mistake," creating a situation in which it is "every man for himself and the devil take the hindmost." He said:

"The solution of the strike question is for both sides to enter into conference, determined to put aside class prejudice, class hatred and strive earnestly to find the balance of justice.

"When the injunction proceedings were issued, the miners' strike call was already out. The proceedings have made a condition in which striking miners are without leadership in their battle for justice, decent working hours and fair wages. From now on it is every man for himself and the devil take the hindmost. It was a grave mistake—a grave mistake.

"And yet I am looking for a speedy termination to the struggle. So well have the men been trained with their former skirmishes with capital that now, in the decisive battle, I feel the workers will come forth victorious, even though their leaders have been shackled by the proceedings to cripple strike action.

"It is folly to declare the I. W. W. element in the so-called 'red wing' in the Federation has any serious influence upon the Federation's movements. When Senator Poindexter, whose beaver is in the ring for Republican nomination for the presidency, says the wildest anarchy will be the result of industrial unrest and turbulency, the senator and men of his ilk are ignorant of their subject.

"Ole Hanson, Seattle's mayor, who has been taking altogether too much credit to himself for the way industrial complications in his city have ended, is another loud talker, who has little acquaintance with labor's affairs.

"Ole Hanson talks too much. Extreme radicals are not now and never have been in control of the American Federation of Labor. Look at the June convention of the A. F. of L. The vote then was 29,000 against 400 'red' votes. Not even one per cent is it? William Z. Foster, head of the steel strikers, has repudiated the charges of syndicalism against him. The public has wrong impressions of the Federation and remains blind to the justice of the miners' demands—exceedingly conservative demands they are too.

"When operators realize the only way they can deal with labor is to seek conferences and adopt fair-minded measures, then and then only can the coal strike and other strikes be settled. Peace at the bayonet's point is not peace. It means only a temporary suspension of hostilities. Should workers club owners into an agreement, it means but a fitting while until the owners, their strength returned, resume the fray with fresh fury.

"I believe in industrial unrest. Unrest is movement, and under proper guidance it means progress. R-E-S-T spells stagnation. The injunction proceeding business does nothing more than deprive of guidance this heaving movement of the workers. A train speeding along a track is a fine thing. It is progress towards some goal. But take the guiding hands from the throttle and what is the result? Collision and wreckage.

"Evolution and not revolution is my motto. Unrest, properly guided is evolution; unrest, blindly surging, sweeping away everything like a tidal wave, is revolution.

"I foresee the day when there will be an international Federation of Labor. How long away that is I cannot foretell—but it is coming, it is inevitable.

"There never has been a civilization nor a government under which workers have had justice, freedom, happiness. Mind you, I believe in the American government and that it is fully capable in the last analysis of coping with any condition. But before the workers can obtain their due there must be unrest—properly guided—and there will be always unrest.

"The industrial conference was mere child's play. Wait until the employers are willing to confer with us, meeting us with the desire for justice and fair play strong in their hearts. Then there will be happy results. The miners in asking for a 30-hour week are not making radical demands at all. The six hour day and the five day week are the miners right, considering the intermittent nature of coal mining in the past.

"Nationalization of industries? No, I refuse to discuss that question just now. Remember the miners are asking for a fair wage scale. Think what the operators are asking for a ton of coal. The workers are demanding and are going to get wages for fair living conditions. In the meanwhile, they face a cost of living——."

Samuel Gompers threw up his hands to express what he thinks of ballooning prices.

The Industrious Bee.

The bee has two distinct stomachs. In the first it stores away the honey from the flowers until such time as it is ready to yield it up, while the other stomach is used simply and solely for digestion purposes. When the bee is ready to deposit the honey it contracts the muscles of the stomach and the honey is ejected through the mouth.

REPUBLICANS WIN IN KENTUCKY

By Telegraph to The Freeman.

Louisville, Ky., Nov. 5.—Edwin P. Morrow, Republican candidate for governor, has been elected by a majority which his managers claim will reach 25,000, according to returns available today.

Haynes Carter, personal manager for Governor Black, late last night conceded the election of Morrow by a majority of from 8,000 to 10,000.

The vote tabulated early today indicates that the state wide prohibition amendment had carried by a large majority.

SOCIETY NOTES.

Mrs. Amelia Legg announces the engagement of her daughter, Frances Jane, to Kenneth D. Lantry, both of this city.

Mrs. William M. Davis, regent of Wiltwyck Chapter D. A. R., and Mrs. Philip Elting, ex-regent, with Mrs. Arthur Hornbeck of Ellenville are attending the conference of the Daughters of the American Revolution, now being held at Auburn, N. Y.

A wedding of interest which will take place in the near future, will be that of Miss Leola Purdy, of this city, and John Hahn, of Kingston. Many delightful social events have been given in honor of the bride-to-be. Mr. Hahn was the first man in this city in the draft to claim no exemption and was a member of the 77th Division with which he served overseas for many months.—Poughkeepsie Star.

D. A. R.

All members of the Wiltwyck Chapter, D. A. R. are reminded of the regular monthly meeting at the Chapter House tomorrow, Thursday afternoon at 3 o'clock. Mrs. Ralph Clearwater and Mrs. Irving Hornbeck will have charge of the program, and the hostesses will be Mrs. J. Duncan Lawrence and Miss Mary K. Husted.

Lowell Club.

The Lowell Club met on Tuesday with Mrs. Carl. The roll call consisted of quotations from Van Dyke's poetry. Mrs. Moses Hobson, secretary of the club had the paper for the day, her subject being, "Henry Van Dyke, Idealist." The paper was followed by a reading, "Van Dyke's Little Rivers," given by Mrs. Oscar Edwards. A second reading, Samuel Mc Chord Crother's "Humanly Speaking," was given by Mrs. T. D. Lewis. Next week the club will meet at the home of Mrs. Augustus H. Van Buren, when a distinguished guest, John Burroughs, naturalist and author is expected. The club members fully appreciate the honor of having Mr. Burroughs address them, and are looking forward with the pleasantest of anticipation to the next meeting.

Rural Hallowe'en Feast.

On Hallowe'en the young people of Ashokan had a "bewitching" time at the home of the Misses Mary and Hilda Palen. The house was lighted by jack-o'lanterns and colored candles, while the decorations were black and yellow, with plenty of cats and witches. The guests were received by a ghost, who later was found to be the hostess, Miss Palen, assisted by the gruesome witch, Viva Jones. The fortunes of each were predicted by a very clever little gypsy, Hilda Palen. Gladys Secor represented our country, being dressed in red, white and blue, while Elsie and "Jerry" Secor made very pretty Colonial girls. There were some funny darkies also, Helen Davis, Florence Hughes, Clifford Secor and Herman Wood. Reggie Davis was terrifying in his brigand's costume, especially when he used his sword. Carrie Brooks had every one guessing as to her indentity. She was a Chinese girl. Beverly Schmidt of Mt. Marion was present as a very cunning Japanese girl, dressed in crepe paper. Herman Morris was a soldier and Louise Thiel made a very pretty fairy. While Marion Jones and Kenneth Buley helped to keep the party amused. The refreshments were sandwiches, cake, pop corn and candy, with the "Destiny" cake last, guarded by a black cat and lit with colored candles. Florence Hughes drew the wedding ring, Kenneth Buley the coin, and Elsie Secor the thimble. The party was chaperoned by Mrs. Stanley M. Winne, Mrs. Charles Davis and Mrs. Spencer Jones.

SAWKILL.

Sawkill, Nov. 5.—St. Wendelin's Church, Ruby, Sunday, Nov. 9—Mass and sermon, 8 a. m. Sunday school after.

St. Ann's Church—Mass and sermon, 10 a. m. Sunday school, 2 p. m. Poor Souls' devotion, 3:30 p. m. Rev. George J. Vaeth, rector.

The Welfare Society and friends taxed St. Ann's Hall to its fullest capacity last Saturday night. Delicious cookery of Sawkill was evident. Everybody was highly pleased as to the merriment and enthusiasm, hence the results of the election of the public officials in the town of Kingston by a large majority of votes. Horace Boice's orchestra was at its best.

The Welfare Society will have a farmers' costume dance Saturday, November 8, at St. Ann's Hall. Everybody welcome, a good time assured. Don't forget your costume. A bus stage will leave Liberty Garage, 410 Washington avenue at 8 o'clock.

N. Y. Socialist Vote Large.

By Telegraph to The Freeman.

New York, Nov. 5.—A total Socialist vote in New York city of more than 150,000 is indicated today, according to Socialist party headquarters. Returns are trickling in slowly, but the Socialists claim to have elected four aldermen and five assemblymen. James O'Neal, running for the presidency of the board of aldermen, polled 144,350 votes.

CANFIELD AND DITTUS ELECTED BY NEARLY 2,000

Republican Candidates for Mayor and Alderman-at-Large Carry Nearly Every Ward in the City and Are Elected by Huge Pluralities.

The voters of Kingston placed their stamp of approval upon the administration of Mayor Canfield by giving him and his running mate, Lieutenant Rudolph C. Dittus, a majority of nearly 2,000 over their Democratic opponents, Emanuel Metzger and R. E. Leighton.

Not only did they return Mayor Canfield to office by an overwhelming majority, the largest ever received by a candidate for mayor in Kingston, but they also elected enough Republicans to the common council to give them control of city affairs.

This will make Mayor Canfield's fourth term as mayor of the city, and that his administration has met with the approval of the majority of the residents of Kingston was clearly proven when the votes were counted Tuesday evening. As the returns from the various wards began to trickle in it was seen that Mayor Canfield and Lieutenant Dittus would win by a big majority, and before 8 o'clock the result was announced to the city at large by the tolling of the city hall bell.

The vote by wards on mayor and alderman-at-large follows:

		Mayor		Ald.-at-Large.	
		Metzger	Canfield.	Leighton.	Dittus.
First Ward, Dist No.....	1	227	490	236	450

WHO BROKE SEAL ON ELECTION BOX OF EIGHTH?

City Clerk Doremus Places Another Seal on Box Stating Condition in Which He Received It—May Be Contest Over Supervisor.

After counting the vote in the Eighth ward Tuesday evening the returns were placed in the large box for that purpose and sealed The box was left in the Rapid Hose Company engine house on Hone street to be delivered this morning to City Clerk Doremus. This morning the discovery was made that the seal had been broken by some one unknown.

City Clerk Doremus immediately placed another seal on the box certifying to the condition in which it was delivered to him.

Owing to the fact that Hugh McTague, the Democratic candidate for supervisor in the Eighth ward, was defeated by his Republican opponent, Supervisor Robert W. Flemming, by three votes, it is expected that the Democrats will contest the election of Supervisor Flemming

In counting the votes five were not counted on the grounds that they were void. Four of the ballots not counted were Democratic and one was Republican. The reason for not counting the ballots was the manner in which they were marked by the voters Instead of placing the cross mark in the square in front of the candidate's name the cross mark was placed after the name of the candidate they desired to vote for, and in one instance the cross mark was placed over the name of the candidate.

As the election officials of that ward interpreted the election law the five ballots were void and should not be counted

If, by any chance, the five ballots were counted it would make the vote for supervisor a tie. Those who examined the five ballots that were thrown out are of the opinion that the board's action in not counting them was proper.
